

## DEMOCRATIC PARTY ON VERGE OF COLLAPSE

OLD LEADERS FORSEE POSSIBLE  
WRECKING PARTY ON QUESTION  
OF RELIGIOUS TOLERANCEWilliam J. Bryan Offers Prayers For Guidance  
In Crisis.

MADISON SQUARE GARDEN, NEW YORK, June 28.—Thoroughly enmeshed in the Ku Klux Klan issue the democratic convention will convene at 3 this afternoon in a session fraught with every possibility of the most sensational meeting in political history.

Talks of possible rioting is heard and 200 extra policemen were ordered on duty in the Garden.

After one of the most dramatic sessions ever held by the resolutions committee, at which members stood with heads bowed in prayer as William J. Bryan prayed with uplifted hands, Chairman Cummings reported to the convention that they were unable to agree on a Klan plank.

Recess was taken until 3 this afternoon.

In the meantime Ed Moore of Ohio, anti-Klan leader, was planning to carry the fight to the floor in case the committee was not ready to report, by moving that the committee be discharged. Planks would then be submitted from the floor.

The factions are so far apart on the Klan issue that state delegations started quarreling among themselves.

Candidates are afraid to make statements.

Old party leaders foresee the possible wrecking of the party upon the question of religious tolerance.

McAdoo forces are mildly claiming that the outlook is for the adoption of a plank not mentioning the Klan specifically.

## MAJORITY AND MINORITY REPORTS

As the convention prepared to convene for the afternoon session a report came that the resolutions committee would make majority and minority reports on the Klan plank, which will start the floor fight. The committee adopted a plank not mentioning the Klan by name.

WOMAN BE PUT UP  
FOR VICE PRES.  
NOMINATION

By DOROTHY SHUMATE  
(United Press Staff Correspondent)  
NEW YORK, June 28.—For the first time in history a woman's name will be placed in nomination for the exalted office of Vice President of the United States.

Mrs. Leroy Springs, national committeewoman from South Carolina, convention beauty and politician extraordinary, has been chosen from a thousand feminine politicians at the Democratic national convention to open the way to the White House for women. She will be nominated by her state delegation at the convention for Vice President of the United States.

"Of course it is only a compliment and I don't expect to be nominated," Mrs. Springs confessed, "but nevertheless I appreciate the honor both for myself and for the women of my party."

But the fledgeling politicians are joyous. They count it a two-fold victory. First, that Democratic women are the first to produce vice presidential timber and secondly that they are getting the recognition from the man from their party about which they boasted.

Mrs. Springs has been elected national committeewoman by her state delegation. She is the first woman ever to be named as chairman of an important convention committee (chairman of the credentials committee), she is one of the leaders on the woman's committee to nominate McAdoo, and she has twice addressed the national convention, one of the times being when she seconded the nomination of McAdoo for the presidency.

To a woman goes the honor of making the short speech on record before the Democratic national convention.

Mrs. Averill Beavers, delegate at large from Washington, is the past master of the art of brevity of speech.

When recognized by the chairman to make her second speech she "made it snappy," and the house went wild.

"The State of Washington deems it a great honor to second the nomination of Mr. William G. McAdoo," she said, and left the platform.

The Hotel That  
Made Dallas Famous

DALLAS, Texas, June 28.—Suggestion that the name of Dallas be changed to Adolphus has been made by R. B. Ellifritz, manager of the Adolphus Hotel here. Ellifritz received a letter from Akron, Ohio, addressed "Dallas Hotel, Adolphus, Texas." He said he'd agree to change the name of the hotel to Dallas if the city would change its name to Adolphus.

VIOLENT STORMS  
SWEEP MIDDLE  
WEST WITH  
DAMAGE

CHICAGO, June 28.—Cloudbursts and violent wind storms, which reached cyclonic proportions in many sections, swept the middle west. Wire communication was destroyed and railroad schedules demoralized. Four persons were drowned in the river near Peoria, Ill., during a terrific wind storm, and one was killed by lightning. Property damage is heavy.

Mattress Used As  
The Family Bank

SAN ANTONIO, Texas, June 28.—The thrill that comes once in a lifetime came to R. W. Jette, manager of a mattress factory here when he found two old stockings containing \$127.50 in gold in a mattress he was renovating. The mattress was owned by Miss Fannie Martinez who said her aged mother hid the money before she died. Miss Martinez gave Jette a \$10 gold piece as an expression of her appreciation for his telling her of the find.

LATONIA DERBY  
STARTS WITH  
A DOZEN  
ENTRIES

LATONIA, Ky., June 28.—Twelve finely conditioned three-year olds were nervously pawing the ground at the Latonia race track today awaiting the call to the barrier to start in the forty second renewal of the Latonia derby.

The probable field included John Madden's Polo Grounds, E. B. McLean's Modest, the Audley Farm's Lord Martin; Gifford Cochran's Revue Agent; C. W. Riedinger's Gibson; Mrs. Payne Whitney's Dazzler; Pete Coyne's King Gorin II, Mrs. R. M. Hoot's Black Gold; E. R. Bradley's Beau Butler; Gallaher Brothers' Chalkover; Arthur Board's Bourbon Bay, Bud Fisher's Mr. Mutt.

The day was cloudy and thunderstorms were predicted but in all probability the derby will be run over a fast track.

The race will be worth \$25,000.00 if won by any horse other than Black Gold who will receive a \$5,000 bonus for winning both the Kentucky and Latonia derbies.

Black Gold ruled favorite in the early betting.

MAN AND WOMAN KILLED  
WHEN PLANE FELL IN OHIO

AKRON, Ohio, June 28.—Howard R. Calvert, commercial flyer, 35, and Miss Ewilda Wickersham, 21, were killed Friday night when the airplane in which they were flying crashed to the ground from an altitude of 1,000 feet.

## NO GAME AT GUSHER PARK

There will be no game at Gusher Park today as the game that was transferred from Waco will not be played. The Gushers play at Austin Sunday and the Indians return to their home grounds. It is reported that the Y. M. B. L. of Waco put up the necessary financial assistance to guarantee Waco remaining in the league.

## HUGHES ELECTRIC ARCH

What Dr. E. H. Hinchliff thinks about the Hughes Electric Arch. Dr. Hinchliff met W. K. Boyd on the street Saturday and handing him \$10.00 stating that it was a pleasure for him to have the opportunity to donate \$10.00 on the Hughes Electric Arch. He thought the park was a wonderful gift to the children of Akron and he would like to see some provision made whereby a keeper could be on the grounds at all times. The following subscriptions are: Blake Smith, \$50.00. Jack Womack, \$50.00. Jesse McLendon, \$50.00. S. J. Stuart Auto Supply Co., \$25.00. J. R. Neese Lumber Co., \$25.00. L. S. Patterson, \$10.00. Walter Kline Boyd, Jr., \$10.00. Walter Womack, \$10.00. Maxine Nussbaum, \$5.00. Dr. Hinchliff, \$10.00.

"An' the goblins will git you if you don't watch out."

New York, Ohio  
And Illinois  
Combined  
Against  
Klan

NEW YORK, June 28.—The delegations of New York, Ohio and Illinois are pledged to stand together in the fight to call the Klan by name in a plank denouncing its principles and standing for religious tolerance. Ed Moore declared that he would never give up the fight to name the Klan, and the three delegations leaders agreed to side with him.

LATEST FROM ADAIR  
DELEGATES ARE  
SURROUNDED  
BY POLICE

By A. GARLAND ADAIR  
(Special Correspondent Mexia News)  
MADISON SQUARE GARDEN, New York, June 28.—At 5 o'clock the delegates are surrounded by cordons of police bearing the League of Nations plank discussed with the discussion on the Klan to come up next immediately.

First indications are that the majority report will win, favoring the submission of the League to popular vote, and not mentioning the Klan. This is considered a great victory for the drys. Col Tom Ball remarked at end of majority platform report on religious plank, "that's far enough; I won't go a step further," which sentiment prevails in the Texas delegation.

Fourteen police surround the Texas delegation now. Four are directly in front of Senator Mayfield. The situation looks more ludicrous than serious, but subsequent results may prove it wise. The fight all along has been conducted by the liquor element, using the religious plank as a smoke screen. The facts are they love liquor more than they do their church, whatever it be.

Belgium Defeats  
Argentine Fencing

PARIS, June 28.—After a series of fierce and spectacular matches the Belgium Olympic fencing team was given a decision over Argentine today.

Italy defeated Austria 13 to 3. Hungary defeated Switzerland 9 to 7.

Six Hundred Extra Police  
On Duty While Klan and  
Antis Fight for Supremacy

NEW YORK, June 28, 3:58 p. m.—After the convention was called to order at 4:00 o'clock minority reports on League and Klan were presented. Prospects are for a 4 hours debate between the anti-Klan and Klan plank leaders. Indications are that the debate will take up most of the night session.

Six hundred police are on hand to keep order, and the galleries may be cleared before the debate starts.

BIG COMPANIES  
MUST OPEN  
BOOKS TO  
GOVT

CHICAGO, June 28.—The books of five big packing companies must be opened to the Department of Agriculture, Judge Cliffe in the federal court ruled in dismissing a petition for a permanent injunction against the Department, brought by Wilson & Company, and Cudahy and Smith Company last fall. An examination of the books was attempted to be made in connection with the probe of an alleged food products monopoly.

How Would You Like  
To Be The Ice Man?

FORT WORTH, Texas, June 28.—Believe it or not, some workers here go outside to get warm during these torrid days.

These warmth seekers are ice-makers, working with icemaking machines huge blocks of ice, and a temperature as low as 9 degrees. Thousands of tons of ice are stored at some of the plants. When the workers go into the storage rooms, they wear heavy coats and wrap burlap around their feet.

Down in the engine rooms, though, the thermometer outclimbs the ones on the street.

## ROADS ARE GOOD

DALLAS, Texas, June 28.—All highways in the state are in a generally fair condition barring a few rough places, according to reports from over the state on condition of roads. From Dallas to Denver, roads in the Pikes Peak region are described as in very good shape. Rough going is encountered in places between here and Amarillo.

## OLD SETTLERS REUNION

BRECKENRIDGE, Texas, June 28.—Thousands of persons are expected to attend the Elks first annual frontier day celebration and rodeo, Old Settlers Reunion and barbecue which will be held here July 3 to 5. Horse racing will be one of the many features planned to entertain the visitors.

## HOPES BALSTED

GREENWICH, Conn., June 28.—Plans for an inter-sectional final in the intercollegiate golf championship were blasted when H. W. Taft of Dartmouth eliminated Lauren Upson of California, 2 and 1 the semi-final round Friday.

## BRITISH FLYER STILL GOING

BANGKOK, June 28.—Major MacLaren, British contestant in the round the world air race, arrived safely at Tavoy, on the Bay of Bengal, Friday afternoon, according to messages here today.

## TOOK THE VALUABLES

SAN ANTONIO, Texas, June 28.—Burglars broke into the safe of the Elite drug store here, and had their choice of money or liquor or both. They were satisfied with making off with 24 pints of Granddaddy whiskey.

LIMPING THROUGH MOST CRUCIAL  
PERIOD IN ITS LONG AND  
HONORABLE HISTORYMany Antis Will Be Klansmen When They  
Get Back HomeBy A. GARLAND ADAIR  
Special to the Mexia Daily News.

MADISON SQUARE GARDEN, NEW YORK, June 28, 1:24 p. m.—The democratic party limps today through the most crucial period in its long and honorable history, maimed by forces largely from states that never voted democratic since the party's birth.

Many outstanding anti-Klansmen on the Texas delegation declare they will take the stump for the Klan when they return to Texas, having seen the limits to which the opposition will go to defeat McAdoo and to win for their candidates.

The serious affair of Friday night in the platform committee room ended when the Lord's prayer and an invocation was led by William Jennings Bryan. After a night of passionate discussion the scene was unparalleled in convention assemblies.

Leading Catholic churchmen are credited with saying that Catholics will bolt the party if Smith is not nominated, and many states declare they will bolt the party if he is nominated.

The convention this morning adjourned until 3:00 o'clock this afternoon.

It will be a session when the democratic party will join in a prayer, "God give us men and women the times like these demand."

A minority report will be submitted naming the Klan, according to announcements at 1 o'clock.

Even New Yorkers admit that if the Klan is named there will be religious insurrection in this state within the next year. Still the demand for a minority report seems to predominate.

Due to this fight, it is generally conceded that the party's chances for victory in November have been lightened, no matter who is nominated.

The wets and arch enemies of the party have thus hit their mark. The fight has been against the Anti-Saloon League, W. J. Bryan, the Klan, and McAdoo.

Loan Sharks And  
Fine Clothes  
Were Her Undoing

FORT WORTH, Texas, June 28.—Love of pretty clothes lured Virginia Righert, 21 into writing checks and signing the name of others to them, she confessed in court when arraigned on charges of forgery. The girl declared the trouble began when she borrowed \$30 from a Dallas loan shark. She had to pay huge interest and kept getting deeper in debt. During her narration, her father and brother wept several times. Her father made bond.

Gas Tank Explodes  
Brothers Are Dead

WEIMAR, Texas, June 28.—Two brothers were burned to death and two other youths were seriously injured as the result of the gasoline tank of their automobile exploding after the car had struck a guard rail on a curve in the highway near here Friday.

Frank Blaske, driver of the car was found on the floor of the machine, dead. His brother, Alfred, died a few minutes after being taken to a neighboring house. Hugo and Ewald Blaske were awfully burned. The four young men were returning from a dance when the accident happened.

Boy Hangs Himself  
Supposed Accidentally

WACO, Texas, June 28.—His neck broken by a hangman's knot, the body of Stewart Hobbs, 12, was found hanging from a rope in the barn at the home of his parents, Mr. and Mrs. T. E. Hobbs here Friday. The body was discovered by the boy's nine year old sister.

The boy apparently had kicked a ladder out from under his feet after fastening the rope to a rafter in the barn.

THEY ALWAYS COME HOME  
WHEN THEY GET HUNGRY

SAN ANTONIO, Texas, June 28.—After two days, living the life of gypsies in a pasture near the edge of the city, Ethel Hoffer, 15 and Tomaso Navarro, Mexican girl of the same age, became hungry and decided to return to civilization. Both declared they had a fine time but they caused considerable anxiety and worry to their parents.

## DEATH CLAIMS MILLIONAIRE

SAN FRANCISCO, June 28.—A. B. Spreckles, millionaire sugar and shipping magnate, died after a two weeks illness.

TIRED AND WEARY  
PLATFORM COM.  
GOES TO BED  
TO REST

NEW YORK, June 28.—After another all night session the resolutions committee, tired out with wrangling over the Klan plank, went to bed and will not have a report ready before 3 this afternoon, if then. So great is the Klan question that time for balloting is uncertain and can scarcely be expected before Monday, if then. The fight is almost certain to go to the floor of the convention. The League fight is also likely to be staged on the floor as the plank adopted by the committee is unsatisfactory to Newton D. Baker. Only a small crowd was present when the convention was called to order one hour late this morning.

MEXIA HAS BEST  
EQUIPPED BARBER SHOP  
IN CENTRAL TEXAS

The Superior Service Barber Shop, formerly Hitt & Ellisor has just finished enlarging and improving their shop on Commerce Street with an expenditure of approximately \$4,000. The new shop will do credit to any town five times the size of Mexia.

This is the only shop in central Texas with separate and individual compartments for the ladies, including a nicely furnished rest room and a high chair for the kiddies. The shop also has a manicurist.

Mr. Hitt states that he has installed a fifty barrel reservoir for rainwater, the shampoo hydrants are connected directly with the tank so that anyone getting a shampoo has the satisfaction of knowing that nothing but clean rainwater is being used. The most important fact is that guaranteed service is given at every one of the twelve chairs, each barber is an expert. It is interesting to note the advancement made by the proprietor who started in business here in Mexia about twelve years ago with a one chair shop in the rear of a grocery store within a block of the present location of the modern shop. With the exception of a few months in Waxahachie and the time spent in the army, Mr. Hitt has been steadily advancing in the barber business in Mexia, where he has made many friends who wish him continued success and congratulate him on having one of the show places of the city.

## THE WEATHER

East Texas—Sunday generally fair and continued warm.  
West Texas—Sunday partly cloudy, somewhat unsettled in the Panhandle.

# TWELVE GATES OF ENTRY TO HEAVEN SAYS DR. YOUNG

The Home of the Soul, the Holy City, the New Jerusalem was the theme of Dr. Young's sermon Friday night. The text was taken from Revelation where the New Jerusalem is described as having twelve gates. Three on the North, three on the West, three on the South, and three on the East. With this scripture as the basis the evangelist pointed out that there were many gates entering into heaven and that it was accessible from many different portals. The gates on the North were Intuition, Reason, Memory. The gates on the East were the Law, the Exceeding Sinfulness of Sin, and the Loveliness of our Lord. Those on the West were Duty, Individual Responsibility, and Divine Providence. The three gates on the South were Restlessness, Emptiness, and Love. Dr. Young said if men could only realize the Greatness of the love of God and His loveliness, they could not refrain from entering in at one of the gates.

The closing services will be held Sunday. At 9:45 a. m. the men will meet in a session at the Palace Theatre for a Bible class. The men of the city are invited to attend. Special music will be led by Mr. Croxton. Dr. Young will lead the class.

One of the features of the meeting has been reaching men. Of the thirty decisions for Christ and the Church up to Sunday, eighteen have been men.

A great day is expected today at the closing services of the revival, morning and evening.

## "SUNSHINE" MARY PAYS NEWS OFFICE A VISIT

Miss Mary Anderson, known in Scarsdale as "Sunshine Mary," and who has been spending a few days in Mexia during the showing of "Wilderness of Youth," one of her best pictures, paid the Daily News office a pleasant visit Saturday morning, and charmed the entire force, from manager to devil.

Miss Anderson is a cute little rascal, pleasant in manner, and easy to talk with, for if you will just keep quiet she will do the talking, and it will interest you, too.

Her visit to the work shop of the News was appreciated by all as a ray of real "Sunshine."

## CITATION BY PUBLICATION

THE STATE OF TEXAS.  
To the Sheriff or any Constable of Limestone County—Greeting:  
You are hereby commanded to summon Western Producing & Drilling Company, a corporation, and G. E. Kadane, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, on the first Monday in August, A. D. 1924, the same being the 14th day of August, A. D. 1924, then and there to answer a petition filed in said court on the 10th day of January, A. D. 1924, in a suit, numbered on the docket of said court as No. 123-B, wherein Cobb-Bennett Petroleum Company, a partnership composed of C. J. Cobb and R. B. Bennett, is Plaintiff, and Western Producing & Drilling Company, a corporation, and G. E. Kadane, are Defendants, and said petition alleging:

That Western Producing & Drilling Company, is a corporation organized and existing under and by virtue of the laws of the State of Delaware with a permit to do business in Texas; that said defendants on or about August 1, 1923, executed its note to plaintiffs in the sum of \$812.57, payable at Mexia, Texas, on August 1st, 1923, said note bearing 8% interest from date thereof, and providing in the usual form for 100% attorney's fees; said note signed Western Producing & Drilling Company, by G. E. Kadane, Vice President; that at the time of making said note, said G. E. Kadane promised plaintiff that in the event the Western Producing & Drilling Company did not pay same when it became due he personally would pay it and carry out all the provisions contained on the face thereof. That said note has been placed in the hands of attorneys for collection, and plaintiffs has agreed to pay them the 10% stipulated therein as attorney's fees, same being a reasonable amount. That said note is past due and unpaid, and defendants, though often requested, have failed and refused and still fail and refuse to pay same or any part thereof.

Wherefore, plaintiff prays that defendants be cited to appear and answer herein, and that upon a trial hereof it have judgement for its debt in the principal sum of \$812.57, interest, attorney's fees, and costs of suit, and for such other and further relief as it may be justly entitled.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Groesbeck, Texas, this 26th day of May, A. D. 1924.

## TEXAS ASSOCIATION GOSSIP

By HECK

The inevitable end that I have predicted regarding Harry Dupuy and the Waco franchise finally came to a head Thursday, June 26 when Dupuy refused to pay the Mexia club its \$100 guarantee and when the Mexia officials notified president Johnson of the affair he took prompt action and transferred the Mexia-Waco series to Mexia.

To the average fan this may seem a rather unusual way of handling the matter but to you fans I want to say that this has been expected for some time and arrangements had been made to take care of the situation.

To begin Dupuy has never made the \$1,000 deposit to the league as all clubs were bound to do by the by-laws of the league and which all clubs excepting the Waco club has done and at a called meeting of the league held in Mexia June 26, Dupuy was notified that he would be given until ten o'clock Friday morning, June 27 to make his deposit with the league.

This meeting was attended by the following five clubs: Temple, Henry Meadows; Austin, Mr. Reed; Marlin, Mr. Stockton; Mexia, J. W. McLendon; Corsicana, by proxy wired McLendon of Mexia.

## Mr. Business Man

Where Do You Spend Your SUNDAYS?

We invite you to the coolest house in Mexia:

## The First Baptist Church

Sunday School 9:45 A. M.  
Preaching Services 11 A. M.  
And 8:30 P. M.

Come out today and bring your family, you'll feel better all next week for having done your duty.

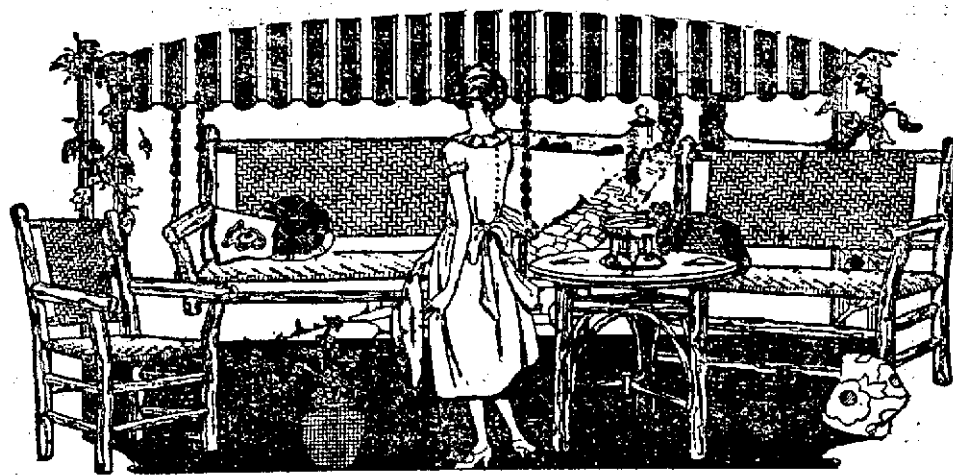

If there is a baby in the family bring the wife and mother along, we have a nursery and some one to care for it.

We had more than three hundred present last Sunday night. There will be no dispensation any services during the Summer Months. All services will be held as usual.

If there was no Sunday you would be at your business on this day as usual. It never gets too hot for a man to go to his business.

Do you think it should get too hot to go to church?

You are always welcome at THE FIRST BAPTIST CHURCH. May we see you there often,

## AN APPRECIATION

Tomorrow brings to a close the first half of 1924—and we just want to thank our friends and customers for the liberal patronage that we continue to enjoy. Our June business has been all that we had expected and more.

We are making an honest effort every day to serve you better. If we don't succeed we have not accomplished what we want to.

Tomorrow afternoon our buyer leaves for the Grand Rapids and Chicago Furniture Market to buy our fall merchandise.

Last Monday the big new furniture Mart Building in Chicago, the largest in the world, was opened to the furniture retailers of the U. S. and Canada.

In this market we have all opportunity to see the real furniture and to select for our customers the very best that the world affords and at the best prices that can be had. We also have an opportunity to learn and know that what we offer you is correct in both design and construction as well as in price.

No time or trouble is ever spared by this firm in our efforts to render you the service to which you are entitled to when you trade with us.

Again we thank you for the most liberal patronage that we have enjoyed for the fifteen years we have been trying to serve you.

## Texas Weekly Industrial Review

While there has been no unemployment of a serious nature in this country recently, the public has felt a slight unsettled condition in industry due to political agitation in Washington and the actual business tenuity preceding a presidential election. This mere hesitancy should emphasize to every citizen the necessity for demanding policies, both state and national, which will encourage industrial and business activity and steady payroll.

Houston.—Construction of \$250,000 Jefferson Davis hospital being rushed to completion.

Crosby.—\$35,000 school bond issue voted.

San Antonio.—Proposed international fair, to be held here, promises to build up immense tracts of undeveloped land in this vicinity, according to agricultural department of the chamber of commerce.

Only those non-holding public office who when casting their votes, oppose extravagance, should be rejected. Unless the people pick men whose record for honesty and sincerity is unimpeachable, unless they elect the best men to serve them, we fail in our duty and more extravagance and bureaucratic government.

The Radio Corporation of America has pioneered the way in making it possible for radio to be as common in the home as the sewing machine or the phonograph. It was this organization which saved the United States from foreign domination in the radio field.

The New York legislature has defeated a bill creating a state insurance fund monopoly. Another bill to create a mutual automobile owners' insurance corporation on a semi-monopolistic plan was also defeated.

Give your advertising proper thought. It will pay you.

## "For Mexia, I WILL"

## SUNDAY MORNING SERMON

By THOMAS A. KEMPIS

Vain is the life of that man who putteth his trust in men or in any created thing. Be not ashamed to be the servant of others for the love of Jesus Christ, and to be reckoned poor in this life. Rest not upon thyself, but build thy hope in God. Do what lieth in thy power, and God will help thy good intent. Trust not in thy learning, nor in the cleverness of any that lives, but rather trust in the favor of God, who resisteth the proud and giveth grace to the humble.

Boast not thyself in thy riches if thou hast them, nor in thy friends if they be powerful, but in God, who giveth all things, and in addition to all things desireth to give even Himself. Be not lifted up because of thy strength or beauty of body, for with only a slight sickness it will fail and wither away. Be not vain of thy skillfulness or ability, lest thou displease God, from whom cometh every good gift which we have.

Count not yourself better than others, lest perchance thou appear worse in the sight of God, who knoweth what is in man. Be not proud of thy good works, for God's judgments are of another sort than the judgments of man, and what pleaseth man is oftentimes displeasing to Him. If thou hast any good, believe that others have more, and so thou mayest preserve thy humility. It is no harm to thee if thou place thyself below all others; but it is great harm if thou place thyself above even one. Peace is ever with the humble man, but in the heart of the proud there is envy and continual wrath.

## WHAT'S THE USE?

The city authorities have gone to a lot of trouble and considerable expense to mark off the intersection of Commerce and Sherman streets, showing how autos "should" go along those busy thoroughfares. Signs are painted on the pavement warning motorists not to turn to the left at that intersection, but they are paying no attention to the signs nor the warnings, but just race along as usual, and cut across to the left and even turn around and go back the other way, possibly in order to get back quick and do the trick over again. It is a dangerous practice, and if there is not an ordinance prohibiting the practice one should be passed at once—and then enforced. Life is too precious to endanger it thusly.

## Love And Crime Both Laugh at Locksmiths

COLEMAN, Texas, June 28.—The Richardson brothers, Alva and Lester, showed county authorities here a thing or two about picking locks. They had been arrested and put in the "bull pen."

One morning Sheriff Pauley found Lester outside his cell, and asked him how he "got that way." Lester took a piece of wire a few inches long and easily picked the lock on the double doors of the partition wall of the jail. Other prisoners told the sheriff the youth had nearly succeeded in forcing the difficult combination lock on the outside door, quarantining only because he was tired.

## ONE MINUTE SERMON

(E. H. HUDSON)

Subject: "Improve the Breed of Men."  
Text: "By How Much is a Man of More Value Than a Sheep"—Math. 12:12.

America is an industrial nation. This is an industrial age. The disease of this generation is "Thingitis."

Civilization is in the lower grade of mathematics. We have not worked out this test problem of the Great Teacher:

"By how much is a man of more value than a sheep?"

We are hearing much about pure-bred Americans, pure-bred whites, pure-bred stock and pure-bred plants. A more important consideration is pure-bred MEN—men stamped with the likeness of Him in whose image they were created—men with bloodlines untainted by the blood of insect, reptile, fish or ape.

Give me for friends and brothers men who are living souls, but little lower than the angels, rather than men who profess to be one-fourth sponge, one-fourth squid, one fourth monkey and one fourth man.

Inventions, guns, ships, books, experts are calculated to increase and improve the things men own, property and processes.

It is easy to get up an agitation on tariffs, but hard to get up an agitation on morals.

It is easy to employ experts on breeding up cattle and sheep and hogs and chickens and cotton and corn and wheat, difficult to employ experts on breeding up boys and girls.

We can eradicate the ticks from our cattle, but fail to eradicate drinkers, gamblers and prostitutes from the community.

We inoculate against blackleg, but not against bootleg.

Cattle can be OWNED—men cannot—therefore improve the breed of cattle, is the logic of many people.

Prepossession with possession vitiates the life of people. It debases government; take a bill to Congress to improve men and they are absorbed in waterways and tariffs.

A false conception of values is the disturbing factor in labor.

Manufacturers provide against the wear and tear of machinery, but not of employees; they consider the cost of replacing a machine but not of a man.

Organized Christianity is infected with materialism.

Many churches can point with pride to their splendid edifices and organ and choir and societies, but can't point to six men improved during the year.

Our educational institutions are concerned more with making minds than characters; the subtle lust for bettering what man has is the acid that corrodes our institutions.

We need better motives for improving men and better methods. We are "whitewashing Sepulchers" we are using narcotics and skin remedies.

The Real Man is not a subject for

## League Assumes Waco Franchise

Dupuy's Refusal to Post Forfeit Causes Act of President.

WACO, Texas, June 27.—As a result of action taken Friday by A. B. Johnson of Marlin, president of the Texas Association, Waco is minus a professional baseball team, the club having been taken over by Johnson for the league because, it was stated, of the refusal of President H. A. Dupuy of the Waco baseball club to deposit the forfeit of \$1,000 required of all teams as a guarantee that players will receive their salaries.

It was stated Friday by Mr. Dupuy that the Waco team was prepared financially to go through the 1924 season.

Unless the present controversy is settled it is not believed that any more games will be played in Waco this year, games scheduled to be played here to be transferred to those places in the Texas Association where Waco is scheduled for the remainder of the present season.

Mr. Dupuy has appealed to the board of directors of the Texas Association and if the decision is against him he will submit the question to the national board, appealing from that body to National Baseball Commissioner Landis if the decision is unfavorable to him.

nostrums and lotions. He must be improved from within.

His spirit must be invaded, with nobler impulses; he must have a higher self-respect, a truer conception of character; sounder principles of conduct; more steadfast virtues, stricter fidelity, deeper concern for others, a respect for his Creator and a love for his brother.

Governments and laws have not done this.

Improvement of men must be "brotherly accomplished."

OUR WORK is to improve men.

OUR MEANS is the religion of the Gaillean.

OUR DUTY is to bear witness to and live this religion day by day.

If in this generation the passion for THINGS be superseded by the passion for improving MEN, this will be the greatest generation of time.

The nation or time that produces the NOBLEST COMMON MAN will climax history and creation.

## News From Mexia Party, California

A letter from Miss Catherine McGrail written on June 21st from the Ambassador Hotel in Los Angeles, is full of the vacation spirit and shows that the party consisting of Miss McGrail and Misses Genevieve Hughes, Pearl Goolsby and Elizabeth Jones are having the time of their lives. The Ambassador has the reputation of being one of the finest hotels in the United States and the girls and Miss McGrail are making themselves at home. They spend the day with golf, tennis, swimming at the beach and the thousands of other means of entertainment offered by the parties in charge of entertaining the guests of the hotel.

They state that they have visited Hollywood and have had the pleasure of seeing most of their favorite movie stars. They saw "The Ten Commandments" at Hollywood and advise every one who has the opportunity to see it. "It's wonderful." "The Prisoner of Bagdad" will be there soon and the prices for the opening night are \$6.00 a seat. They say that among the permanent guests at the Ambassador are Elynor Glynn, Thomas Meighan and numerous other stars.

Miss McGrail says that at present she is her own chauffeur and has an awful time getting back to the hotel after taking a drive through the suburbs but with the assistance of about half the police force of Los Angeles she manages to get around all right. The trip through the residential section is worth the trip to California if you saw nothing else. They have some of the most wonderful homes there.

They broadcast from the Ambassador twice a week and they have promised to broadcast a message by the girls. The law will not permit the girls to broadcast their own messages. They say they will let the folks at home know what night it will be. Remember when it is twelve o'clock here it is ten there, so we will have to be up pretty late. They send their love to all their friends in Mexia and still think it is the best place on earth.

### BAPTIST WOMEN'S WORK

The Woman's Missionary Union of the First Baptist church met in its monthly missionary meeting, Monday, June 23. The Young Women's Auxiliary met with them while Circle No. 7 had charge of the program.

The subject was Europe and the Sunbeam Band, assisted by then leader, Mrs. W. D. Hight, gave an introductory program on mission work in Europe. This was followed by talks on the despoiled countries of Europe by different ladies and the program was concluded with a short talk by the pastor, Rev. Jeffers, on the heroic life of John Huss, and the many evils of Catholicism which exist at home and abroad.

The program was extensive, covering an enormous amount of people, (probably 17,000,000 under Southern Baptist supervision,) but was enjoyed by all those present. After a brief business meeting Circle No. 2 provided the ladies with delicious refreshments, and each woman resolved to do her part in putting forward the woman's work during the summer.

Listen, Baptist women of Mexia, they need you, and you need their work.

Bob and Cole Summers of the Kuten community were in Mexia Saturday mingling with old time friends.

### MRS. SWEATT ENTERTAINS

Friday afternoon the lovely living room, music room and sun room of Mrs. John Sweatt's home was thrown open to a bevy of pretty young girls, who gathered to honor Miss Zora Boyd, of Enterprise, Mississippi, and Miss Janie Read Berry of our city. The entire suite of rooms was made more attractive with bowls and baskets of zinnias, daisies, and ferns in every available space.

Five tables of the ever-popular game of 42 was the diversion for about two hours.

The honor guests were each presented with lovely strands of beads. A special honor guest of the afternoon was Mrs. Read, who was presented with amber smelling salts. A guest prize, a pocket memorandum was also given to Miss Margaret Harper of Austin, Texas.

Japanese trays, laden with dainty linens and the following eats, were then served: Stuffed tomatoes with shrimp, potato chips, olives, hot cheese sandwiches, ice tea, and apricot paraffin.

### JUST CLEAN UP YOUR TRASH, THAT'S ALL

We feel that there is not a person in Mexia who has not received a small amount of pleasure, either directly or indirectly from the Confederate Park known as the Reunion Grounds. Throughout hard work and long-sightedness on the part of "Joe Johnston Camp" has been made possible. We have never asked for one nickel to be contributed for its upkeep. We only ask that you pick up your trash when you leave.

Within the next week our program committee will call on you and if you care to show your appreciation, express it in courtesy to them.

JOE JOHNSTON CAMP U. C. V.  
Miss Mattie Watson, Sec'y.

Rev. P. D. Tucker, former pastor of the Central Presbyterian church here, is in the city in the interest of Castle Heights Military College at Lebanon, Tenn., where several Mexia boys are students. Mr. Tucker says, "Just say that the Mexia boys are all making good in our school."

Orian Arrington came up from San Antonio to spend the week end with his parents.

## Presbyterians Are Raising Educational Fund of \$1,350,000

One hundred and fifty thousand dollars is all that stands between the Presbyterian educational institutions of Texas and the receiving of \$1,350,000 for Christian Education in Texas.

This was the announcement made by Dr. S. W. McGill, at Presbyterian educational headquarters in Dallas today.

The Texas Presbyterian Educational movement was launched just a year ago for the purpose of securing \$1,350,000 for the ten Southern Presbyterian educational institutions in the synod of Texas. After twelve months of aggressive work the committee in charge reports that \$1,200,000 has been subscribed leaving the sum of \$150,000 yet to be secured. The amount that has been subscribed is payable on the condition that the remaining \$150,000 be subscribed as no subscriptions are binding until the full amount is subscribed payable within four years.

"It remains to be seen" said Dr. McGill "whether Presbyterians and friends of Christian education in Texas will see more than one million dollars lost to Texas for the lack of the comparatively small sum of \$150,000." It is understood that the field has been practically covered and the campaign is now about to be closed. The beneficiaries of the campaign are Austin College, Sherman; Daniel Baker College, Brownwood; Texas Presbyterian College for Women, Milford; Presbyterian Orphans Home, Itasca; Austin Theological Seminary, Austin; The University Church at the State University; TexMex Schools for boys and girls.

This is said to be the biggest thing ever undertaken by the Presbyterian Church in any Synod and the outcome is awaited with great interest.

R. J. Ellington, wife and two daughters, Misses Daza and Beth returned from Lubbock Friday. While on their visit they visited many points of interest, touring Missouri, Kansas, Oklahoma and western Texas. Mr. Ellington stated that the trip was indeed a pleasant one. Of the many miles traveled, they had only one puncture.

## More About The Juvenile Band

During the past few days, many boys have enrolled as members of The Juvenile Band, being organized by Frank Werner of this city. Mr. Werner says he is well pleased with the number he has in such a short while, and says prospects look good for a band of 30 to 40 pieces.

If your boy has an instrument, have him see Mr. Werner at once, to get in on the ground floor. If your boy does not have an instrument, and has never studied, now is the time to start him in. Below is correct instrumentation for a 30 piece band, and Mr. Werner hopes to secure this instrumentation as nearly as possible:

- 1 Piccolo.
- 1 Eb Clarinet.
- 7 Bb Clarinets.
- 4 Saxophones.
- 3 Altos.
- 3 Trombones.
- 1 Baritone.
- 2 Basses.
- 5 Bb Cornets.
- 1 Alto Clarinet.
- 1 Bass Drum.
- 1 Snare Drum and Traps.

If this instrumentation is secured, many other members coming in, will be

## Tonsils and Adenoids

Letter No. 6

### Giving the Child a Better Chance.

### IS YOUR CHILD HANDICAPPED?

Does your child's nose run or is it sore? Does the child snuffle? Are the eyes red? Are there fever sores or eczema around the nose and mouth?

Does the child seem dull? Does it stand and look at you with open mouth?

Does it put its hands to its head as though it had earache? Does it take cold easily?

Does the child sleep with its mouth open? Does it snore? If the answer to any of these is Yes, ask the doctor if the child has adenoids or large tonsils.

### Tonsils

Tonsils often become diseased and stick out into the throat. Sometimes they do not get any larger but become diseased and contain little cups filled with infection. These diseased tonsils often hold poisonous germs which may cause throat trouble or may be carried to other parts of the body and cause sickness.

### Adenoids

Adenoids look like a little head of cauliflower, colored red. They grow in the back part of the throat where the nose and throat join, and can be seen only by the doctor with a special mirror. They stop up the nose and make the child breathe through its mouth.

When the child breathes through the mouth, much dust and many germs get into the body.

Adenoids should always be removed.

### Earache

Earache often means that the child has adenoids. Earache always means that the child is in danger of getting deaf. Also the child is in danger of getting a running ear and there is danger of the disease reaching the brain. A running ear should always be treated by an ear doctor, it will not get well without good care.

### Large Glands

Often poison gathers in the nose, throat or ears. The glands of the neck try to carry this poison away. This overwork makes the glands enlarge and lumps often form.

### Other Diseases

Diseased tonsils and adenoids hold poisonous germs which frequently are carried to other parts of the body and cause sickness. Rheumatism and heart disease often come in this way. These germs also cause stomach, bowel or lung diseases.

A child with adenoids and diseased tonsils can get diphtheria, scarlet fever, measles and whooping cough very easily. Such a child will have the disease worse than a child who has had adenoids and diseased tonsils removed.

### Stupid Children

Often children who seem stupid and who do not learn rapidly can be made healthy and normal by the removal of diseased tonsils and adenoids.

It is wrong to blame children for backwardness when they cannot hear, see or smell properly or are suffering from pains from diseased tonsils or adenoids.

### Have Them Removed

Adenoids and diseased tonsils can be removed at any time of the year. Don't wait, thinking they will get better. It is dangerous. The child may lose its hearing if you put it off.

Watch carefully for the danger signals—mouth breathing and earache.

Always go to a good doctor at once.

Will be glad to make examination free and explain in detail.

Honoring The Flag And Our Women

(Speech of the Secretary of War on the occasion of the presentation of prizes to the national winners of the contest held under the auspices of the Women's Overseas Service League.)

It is very proper that these exercises should be held on the day set apart to do homage and pay reverence to the symbol of our national identity—the flag of the United States of America. We do this flag the most homage and the deepest reverence when we strengthen our country and upbuild our citizens physically, mentally and morally that they may more effectively serve their country and themselves under any circumstances. Our country is a great world power today, not merely because we once adopted certain principles of government, but because we proved that we could live as a nation under those principles. Likewise a citizen does not serve his country by merely acclaiming his loyalty. That is only an indication of his excellent intention. It is by his deeds, not his words, that he proves himself a patriot—a follower of the flag. So the flag should remind us of our obligations for service to a common cause.

It is therefore particularly appropriate that these Flag Day Exercises should be also the occasion for recognition of the young ladies who have gained our admiration because of their excellent essays on the Citizens' Military Training Camps.

These camps merit the grateful consideration of every citizen, because they are a direct outcome of the Plattsburg movement, whereby, in the stirring days before our entry into the World War, patriotic men, with vision began to prepare themselves to take a soldier's part in the probable struggle ahead of us. In another sense, the Citizens' Military Training Camps are the product of the World War itself. During that war those in authority made the startling discovery that about 50 per cent of our young men were physically deficient, that probably 25 per cent could neither read or write, and that the majority did not know even the basic principles of our government. To provide the civic leadership necessary to remedy this condition, and, as a by-product of this leadership, to avoid in the future the useless sacrifices to unpreparedness that so many young Americans were forced to make in Belleau Woods, among the grain fields of Soisson, on the slopes of St. Mihiel, and in the Argonne Forest, these camps were created by an Act of Congress.

The principles upon which they are founded are older than either the Plattsburg idea or the World War. They go back to the original conception of the founders of this Republic. Jefferson announced the basic military principle for a democracy in these words, "the truth must now be obvious that we cannot be defended, but by making every citizen a soldier." It has been to our sorrow and great cost that we as a Nation have not memorized these words, as we have so many others of that great announcer of cardinal truths. The Swiss people have had similar camps for years and because of their sterling product were untouched by the ravages of the World War.

The primary purpose of these camps, however, is to develop better American citizens, physically, mentally and morally, and a higher patriotism among the citizens of tomorrow, by making them more intelligent and better prepared to discharge their duties of citizenship. These camps are great national outdoor schools—vital elements of the system of national education. Young men of all walks of life enter upon a common footing. They are given invigorating exercises, and the proper kind of food, that their bodies may be developed. Physical defects are corrected. It is still true that a sound body makes for a sound mind and sound morals. Young men are taught regular habits of living. They

Snip! Snip! and Then Sniff! Sniff! "I Hate My Bob But—It's Stylish"

Out in a little midwestern town the Main Street barber hung up this sign: "I won't stand for no hysterics!" Lady clients were thus warned that weeping after bobbing would not be tolerated. It was a nuisance to the tonsorial gent. Since the advent of bobs, shaggy nerves have developed among women. It is due, say the experts, to lost personalities. Many a charming woman has lost her distinctive personality by failing to choose the precise type of bob suitable to her particular features. A certain bob utterly destroys the greatest charm of another. One must consider whether the face is oval, square, plump or thin. A short or long neck, a thin or plump one, are points to be most carefully reckoned before the final step. So is the general physique and, indeed, everything entering into that indefinable quality called personality. For after the shears do their snipping it's too late.

Choosing the correct bob is no more important, say the beauty dictators, than keeping the hair at-

tractively dressed afterward. There can be no harm to hair that runs wild, straggles or clumps. A large Gainsborough net should always be worn over the coiffure to add distinction and good taste. To preserve the coiffure at night the Gainsborough should be adjusted comfortably, with hair tucked in snug, before retiring. Paris taught American women this little trick of wearing the net at night and thus cutting down hairdressing bills. Rolling the head during sleep dishevels the unprotected coiffure.

Whether the bob fad ends in two months or two years, the wise woman will choose well her bob—if she must bob—and then she will seek the most attractive hairdresser, one that retains personality.

lead orderly lives. They are taught the lessons of obedience, and the value of cleanliness, neatness, promptness, courtesy, consideration, cooperation, loyalty, self-reliance and a democratic feeling toward their fellow men. They are taught the moral qualities of courage, loyalty and self-restraint. Underlying all instructions are the principles of honor, liberty within the law, and service to country.

The results that are being secured are truly remarkable. The Honorable D. R. Anthony, of Kansas, made the following statement on the floor of the House of Representatives:

"I saw nearly 2,000 raw boys, most of them coming from the hills of Arkansas, Missouri, and the plains of Kansas, who, when they arrived at camp, were typical, green, unfledged youngsters of about 18 years of age, but absolutely as un military as a lot of youngsters as I ever saw, but within a week or ten days time you never saw a finer aggregation of young American manhood in your life. They walked about with their heads in the air, their shoulders thrown back, and looked like real soldiers. The statistics that are given out this year by the officers in charge of these camps are very remarkable, from the fact that they show not only an increase of weight of two or three pounds for every man during the month's training, but they show increases in chest expansion and a development that was in other ways satisfactory from the physical standpoint for these 25,000 young men that received this training."

The business men of our country are encouraging their young men to attend these camps because of their increased efficiency. A recent survey by the National Industrial Conference Board showed employers to be 100 per cent in favor of the camps; and that 75 per cent of the firms were willing to give their employees at least two weeks full pay during attendance at them. Although the camps are only three years old, fourteen per cent of the firms stated that the training was beneficial to their business and twenty-two per cent that it was beneficial to both employer and employee. Undoubtedly these figures will be greatly increased when more business concerns have sent young men to the camps and have had the same opportunity to measure the results, as those who have encouraged this training from the start.

Educators who have investigated our training system are also enthu-

siazed in their support. But better than these indorsements are the

hundreds of letters that have come across my desk from fathers and mothers thanking the War Department for the physical, mental and moral development of their sons.

Although more than 900,000 young Americans reach the age of 21 each year, we have been able to accommodate only some 60,000 at our camps during the last three years. This indicates that the success of the camps depends upon a fuller realization of their importance and utility. We are here today because a distinguished group of women—the Women's Overseas Service League—has held a contest designated to stimulate among the young women of the country the thought of these camps. The essay contest among young women on "Why A Young Man I Know Should Attend A Citizen's Military Training Camp" has stimulated public opinion on this subject. While it is impossible accurately to measure the effect of the contest, we do know that the applications for this year are more than double what they were at this time last year. Though funds have been provided for only approximately 30,000 there is every reason to believe that more than 70,000 applications will be received before the close of this month.

The action of the Women's Overseas Service League has partially overcome one of the unavoidable deficiencies of the program for citizenship training through the medium of these camps. Unfortunately we have not the facilities to offer a similar course to young women, however, their essays on the subject have shown that they have a keen realization of the significance of the training. They have done great credit to

themselves and to the inspiring example of the Overseas League whose memorable war service brought them definite evidence of the need for the training given in these camps.

Peace is the normal state of the nation. We all hope that the young men who attend camp this summer will never be required to use their military attainments on campaign. But this does not mean that the training they acquire will not be an asset to the Nation. The nationalism and sense of civic responsibility possessed by the citizens of a country constitute that country's strongest assets—assets which are vital at all times. The maintenance of the national defense is a by-product of these assets. Let us so shape our country's life that its citizens will be constantly alert to their duties, as well as their privileges; and that they will be trained to perform, at any time in any crisis, those civic

duties. With such a body of citizens the country may face the future with out any doubts. From this standpoint, the Citizens' Military Training Camps are a sign of untroubled future for our people, in which they will reap the rewards of a lasting peace.

In conclusion, I thank the Women's Overseas Service League for the work they have so auspiciously begun, and congratulate these young

women and those who competed with them for their splendid efforts. I hope that all who participated in this patriotic contest will continue to be strong partisans of the citizenship training exemplified by the Citizens' Military Training Camps. By enthusiastically supporting such movements for their country's betterment, our people give evidence of their faith in our Republic, and that for which our flag stands.

- Marcelling
- Water Waving
- Scalp Treatment
- Curling
- Hair Dressing
- Shampooing
- (Rain Water Rinse)
- Facial Treatment

—We have installed a 50 barrel tank for catching rainwater for this department and you can now have a shampoo with rain-water-rinse at any time.

—Monday morning you will find the Carpenters, Painters and Plasterers through with their work on our new shop and we will be ready for business in earnest.

—We regret very much causing our customers so much inconvenience during our remodeling period but in order to make this the fine shop that it is, it became necessary that we tear up our shop for a few days. Since the work has been completed we believe you will agree with us that it was a mighty good move and that the remodeling has pushed the SUPERIOR SERVICE BARBER SHOP to the front of all shops in this part of Texas.

—Considerable money has been expended in this undertaking but be believed in Mexia and we still believe in her. It is our honest opinion that we have not built too large or expensive for the city but that Mexia needed a shop of this character and we built it.

—We have installed Twelve Chairs, each one being in charge of a man who is an expert in his line of work, knowing his business and all the rules of courtesy to customers. Men, women and children will be given the very best of attention and we shall always strive to see that the customer is pleased.

# Back To Nature Women's Plea For Summer Activities

Simplicity in Clothing Styles, Diet, Vacation, Exercise and Dancing Urged in Campaign of Chicago Club Women.

CHICAGO, June 28.—A vigorous campaign for simplicity in daily life this summer has been launched by Chicago club women, it became known today. They are going to make comfort fashionable during the dog days.

Not only will the club women's campaign encourage the wearing of simple, cool clothing by men, women and children, but an educational program regarding recreation, health and the proper foods for summer consumption is being prepared.

"While women are popularly supposed to be willing to endure any amount of discomfort for the sake of fashion, they have really been pioneers in fostering new health habits," said Mrs. Leonora Z. Medor, famous Chicago woman attorney and prominent in women's organizations, in announcing the "simplicity campaign" today.

Oh, Those Stupid Men!  
"Today we wear lovely silks, dotted awnings, cool embroidered frocks, delicate sport woolsens during the hot months," she continued. "We no longer wear flims, muslin and duck. But many men are still stupid.

"They over-exert the heart, exhaust the nervous system, grow prematurely old—by smothering themselves in hot woolen clothes and by over-eating during the sweltering summer months. Especially in their diets do men outrage nature. Much of their 'summer fatigue,' medical authorities now say, is due to eating the wrong foods."

A leading member of the Chicago Women's Athletic Club today was delegated to prepare scientific menus for business men in the summer months. She said:

"Mothers today are turning more and more to simplicity in diet for their children. They are going to the wonderful old-fashioned foods that our grandmothers served."

"For instance, oatmeal was a common food to be a good food. Now doctors prescribe it every day during the summer for their private patients and for the public at large."

The New Summer Meal.  
"Oatmeal, we've now found, is a healthy, having first come to our notice; it is rich in iron, vitamins and carbohydrates; it is the most easily digested of the grain cereals."

"We are going to use oatmeal in many forms for luncheon: oatmeal cakes, oatmeal soup, oatmeal in the new 'chilled-luncheon' style, and cooling and nourishing dishes during July, August and September."

A warning against too strenuous exercise in hot weather was voiced by the club women. Playing tennis steadily under a blazing sun can only result in harmful effects on the heart and eyes, they declare.

Against Fried Meats.

"We are not vegetarians," added another member of the camp, "but we are convinced, from what physicians tell us, that the eating of too much meat in summer is injurious. Members are going to visit the new markets, explaining the cooling advantages of summer dishes composed of fruit, simple cereals and vegetables in lieu of fried meats and other heavy dishes."

"Too many Americans are slaves of their stomachs. We believe in a proposed campaign for simplicity in summer activities will add new vigor to the lives of every man and woman who conscientiously follows the health rules we are preparing."

And dancing? Well, that's a moot question, the women confessed. But so long as it's not too—ah, too eth-

## PROMINENT FIGURES OF THE DAY'S NEWS.

FRANCINE LARRIMORE, JOHN J. DAVIS, VISCOUNT ISHII, WILLIAM C. PROUT

Francine Larrimore, one of the best known young comedienne, who has pictured the flapper type on the stage, fooled her friends by getting married secretly 18 months ago to Con Conrad, musical comedy composer. But the news leaked.

John J. Davis, Secretary of Labor, who came to America in the steerage when eight years old, advocates a Federal law for registering all aliens. He asserts this would aid Americanization work among foreigners.

Viscount Kijuhiko Ishii, who negotiated the Lansing-Ishii agreement, may be the next Japanese Ambassador to the United States. He now represents his country at London.

President William C. Prout, of the A. A. U., and manager of the final Olympic tryouts at Boston, says the point system for scoring at Paris, as announced, will impair America's chances for winning the contest. The new rule will allow first man in any event to be credited with ten points, while second man will receive five, in the Olympiad.

Let's, why, they believe it an excellent form of summer recreation. But, they added, dance in the open air, folks.

## ART GUM—THE EYES HAVE IT

Dear Ed:

I see where the State spectacle birds, or as they call themselves, the optometrists, are holding a conversation and I suppose we are safe in expecting something spectacular from them.

The coming of the eye men reminds me of the letter from one of these fake spectacle companies I saw some time ago.

It read something like this: "Let me send you on trial a pair of my finest shell rim glasses! No matter where you live I promise to send you a pair that will enable you to see perfectly. I positively guarantee a perfect fit. They will protect your eyes, preventing eye-strain and headaches, and enable you to read the smallest print or thread the finest needle. They are equal to spectacles being sold at retail for fifteen dollars a pair."

At one time or another most people complain of their eyes, although few would like to give them up. A promise of a beautiful pair of extra large shell-rimmed, spectacles in a handsome velvet-lined, spring back, gold-lettered, pocketbook spectacle case which anyone would be proud to

Cannon, and the Sheriff, Whit Popejoy, together with all his deputies, have been at our services at all times, and we want to take this occasion to express our grateful appreciation for their co-operation.

We have taken the time to visit our County Jail, and find it in a most excellent condition. Every precaution has been taken toward sanitation and it is in perfect condition and is as comfortable as a prison can be reasonably made.

We now find that there is no other work that we can profitably do, and respectfully ask that we be finally discharged.

own, all for the trifle of four dollars and ninety-eight cents, therefore reaches many people. All they have to know is their age.

Similar great savings to the common people could be extended to other lines. Soon we may be reading: "False teeth fitted by mail. No matter where you live we promise to send you a set that will make it possible for you to eat corn off the cob like a year-old colt. We can furnish you a set for nine dollars and ninety-eight cents that equals sets being sold at retail for fifty dollars. Send us your age."

And, "Have you appendicitis? Let us remove that annoying appendix by mail. Why go to a local doctor when the postman who comes to your very door can forever put an end to your suffering. We send you our perfected appendix knife with instructions showing where to cut. Smith and Brown, Mail Order Surgeons."

It is just as plausible. In spite of the fact that these mail order glasses may cause cataracts and other eye troubles, they really do what the letter says. They protect the eyes—

### NOTICE OF CHARTER ELECTION

An ordinance ordering an election in the City of Mexia, Texas, to be held on the 7th day of July, 1924, for the purpose of submitting to the qualified voters of the City of Mexia, Texas, for the adoption or rejection of the proposed charter, prepared and framed by the Charter Commission heretofore elected, and designating the places at which said election is to be held, and appointing presiding officers thereof and declaring an emergency.

### WHEREAS

on the 11th day of February, 1921, the City Commission of the City of Mexia, Texas, duly enacted an ordinance, submitting to the qualified voters of said City, at an election ordered and held for the purpose, on the 18th day of March, 1921, the question: "SHALL A COMMISSION BE CHOSEN TO FRAME A CHARTER?" and also providing for an election of fifteen members of a charter commission in case a majority of the votes cast at such election should be in favor of the choosing of such a commission, and which ordinance was duly approved and published and notices of such election were duly given as required by law; and

### WHEREAS

said question was duly submitted and voted upon at said election in said city on said date, and the majority of the qualified voters voting at such election voted in favor of the choosing of a commission to frame a charter, and also a majority of the qualified voters voting at said election, voted in favor of fifteen citizens of said city to compose said Charter Commission; and

### WHEREAS

said election was duly and legally held on the 18th day of March, 1921, and results of said election were duly certified and returned to the City Commission by the proper election officers; and

### WHEREAS

the said commission conducted the several returns and canvassed the same, and found that there were cast, at said election, six hundred and twenty-two (622) votes, of which number five hundred and fifty (550) votes were cast for the choosing of a charter commission, and one hundred and seventy-two (172) votes were cast against the choosing of a charter commission, and this commission, by resolution, duly adopted, declared that the proposition submitted was sustained and elected by a majority vote of the qualified voters of said city, voting at said election; and

### WHEREAS

the City Commission of the City of Mexia, Texas, has examined and investigated the results of the proceedings for said election and finds that the same was duly and legally held, that the votes were duly and legally given, and that said election was conducted in strict conformity with all the requirements of law; and

### WHEREAS

said commission, duly qualified as members of said charter commission, and met and organized the same, and duly proceeded to frame a charter for the City of Mexia, Texas, and heretofore, on the 27th day of May, 1921, as such commission, signed such proposed charter and duly provided for the submission of the same to a vote of the qualified voters of said City, at an election to be held upon the submission of the adoption or rejection of such charter upon the 7th day of July, 1924; and

### WHEREAS

the said Charter Commission provided that the present City Commission shall call an election for such purpose; and

### WHEREAS

the said Charter Commission appended hereto under the words, "APPROVED BY CHARTER COMMISSION," therefore, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA, TEXAS:

Section 1. That an election shall be held in the City of Mexia, Texas, on the 7th day of July, 1924, at

which the following proposition shall be submitted:

"Shall the charter reported by the Charter Commission of the City Commission of the City of Mexia, Texas, on the 27th day of May, 1921, and which had been prepared by the Charter Commission duly elected by the qualified voters of the city of the 18th day of March, 1924, be adopted as the charter of the City of Mexia, Texas, as contemplated and authorized by the Constitution and laws of the State of Texas, including Chapter 147, Acts of 1913, Regular Session?"

Section 2. That the polling places and presiding officers of said election shall be, respectively as follows: the polling place shall be at the City Hall, in the City of Mexia, and W. B. Kendrick is hereby designated as presiding officer.

Section 3. That said election shall be held under the provisions of Chapter 147, Acts of 1913, Regular Session, and all persons qualified to vote in said City under the laws of this State regulating general elections shall be allowed to vote.

Section 4. That the manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the law hereinabove referred to.

Section 5. All voters desiring to adopt a charter so prepared and reported by the Charter Commission, shall have printed on their ballot the following:

### OFFICIAL BALLOT

"For the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1921." And those opposed shall have on their ballots the following:

"Against the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1921."

Section 6. That the action of the aforesaid Charter Commission in calling the election for the purpose hereinabove stated, and in all other respects with reference to the framing and submitting of such proposed charter, are hereby ratified and confirmed, and the said Charter Commission, or the members thereof, shall ratify and confirm all things done by the present City Commission of the City of Mexia, Texas, with respect to the matters and things dealt with in this ordinance, and shall make the same their act and deed by subscribing their respective names hereto under the caption, "APPROVED BY CHARTER COMMISSION," and such names as so subscribed shall be published as a part of this ordinance.

Section 7. A copy of this ordinance shall be sufficient notice of said election, and thirty (30) days notice of the time and place of holding the said election shall be given by posting certified copies thereof at the places designated for holding said election at least thirty (30) days prior to the holding of said election, and by publication of such notice not less than thirty (30) full days from the date of election.

Section 8. The fact that the City of Mexia is at the present time without a charter and that the public interests require the adoption of a charter, creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage and approval.

Passed and approved this 27th day of May, 1924.

## DEMOCRATIC PARTY ON VERGE OF COLLAPSE

### OLD LEADERS FORSEE POSSIBLE WRECKING PARTY ON QUESTION OF RELIGIOUS TOLERANCE

**William J. Bryan Offers Prayers For Guidance In Crisis.**

MADISON SQUARE GARDEN, NEW YORK, June 28.—Thoroughly enmeshed in the Ku Klux Klan issue the democratic convention will convene at 3 this afternoon in a session fraught with every possibility of the most sensational meeting in political history.

Talks of possible rioting is heard and 200 extra policemen were ordered on duty in the Garden.

After one of the most dramatic sessions ever held by the resolutions committee, at which members stood with heads bowed in prayer as William J. Bryan prayed with uplifted hands, Chairman Cummings reported to the convention that they were unable to agree on a Klan plank.

Recess was taken until 3 this afternoon.

In the meantime Ed Moore of Ohio, anti-Klan leader, was planning to carry the fight to the floor in case the committee was not ready to report, by moving that the committee be discharged. Planks would then be submitted from the floor.

The factions are so far apart on the Klan issue that state delegations started quarreling among themselves.

Candidates are afraid to make statements. Old party leaders foresee the possible wrecking of the party upon the question of religious tolerance.

McAdoo forces are mildly claiming that the outlook is for the adoption of a plank not mentioning the Klan specifically.

#### MAJORITY AND MINORITY REPORTS

As the convention prepared to convene for the afternoon session a report came that the resolutions committee would make majority and minority reports on the Klan plank, which will start the floor fight. The committee adopted a plank not mentioning the Klan by name.

### WOMAN BE PUT UP FOR VICE PRES. NOMINATION

By DOROTHY SHUMATE (United Press Staff Correspondent) NEW YORK, June 28.—For the first time in history a woman's name will be placed in nomination for the exalted office of Vice President of the United States.

Mrs. Leroy Springs, national committee woman from South Carolina, convention beauty and politician extraordinary, has been chosen from a thousand feminine politicians at the Democratic national convention to open the way to the White House for women. She will be nominated by her state delegation at the convention for Vice President of the United States.

"Of course it is only a compliment and I don't expect to be nominated," Mrs. Springs confided, "but nevertheless I appreciate the honor both for myself and for the women of my party."

But the fledgling politicians are joyous. They count it a two-fold victory. First, that Democratic women are the first to produce vice presidential timber and secondly that they are getting the recognition from the men from their party about which they boasted.

Mrs. Springs has been elected national committee woman by her state delegation. She is the first woman ever to be named as chairman of an important convention committee (chairman of the credentials committee, she is one of the leaders on the woman's committee to nominate McAdoo, and she has twice addressed the national convention, one of the times being when she seconded the nomination of McAdoo for the presidency.

To a woman goes the honor of making the shortest speech on record before the Democratic national convention.

Mrs. Averill Beavers, delegate at large from Washington, is the past-master of the art of brevity of speech.

When recognized by the chairman to make her seconding speech she "made it snappy," and the house went wild.

"The State of Washington deems it a great honor to second the nomination of Mr. William G. McAdoo," she said, and left the platform.

### The Hotel That Made Dallas Famous

DALLAS, Texas, June 28.—Suggestion that the name of Dallas be changed to Adolphus has been made by R. B. Ellifritz, manager of the Adolphus Hotel here. Ellifritz received a letter from Akron, Ohio, addressed "Dallas Hotel, Adolphus, Texas." He said he'd agree to change the name of the hotel to Dallas if the city would change its name to Adolphus.

### Mussolini Will Not Attend Reparations Conference London

LONDON, June 28.—Premier Mussolini of Italy will not represent his country at the inter-allied conference on reparations here next month because of the disturbed internal situation in Italy following assassination of the Socialist deputy Matteotti by the Fascists, a Central News Rome dispatch said today.

The Italian ambassador in London probably will represent his country, following the lead of the United States in naming Ambassador Kellogg as the American observer.

### Marlin Will Pull Big Celebration On July Fourth

MARLIN, Texas, June 28.—Four thousand pounds of barbecue, 1500 loaves of bread, two barrels of pickles and 250 gallons of black coffee have been ordered for the big July Fourth celebration in Marlin, commemorating the completion of the \$225,000 waterworks system, which will be featured by an address by Senator Morris Sheppard opening his campaign for re-election.

This mammoth feast for the crowd expected to attend will be erected 1900 lineal feet of tables, extending well over a third of a mile in length if strung out, while seating facilities are being arranged for those coming to Marlin to enjoy the program.

The official beverage of the day is Marlin's new supply of pure, soft water, which will be served from iced cisterns at various points on the grounds during the day. However, visitors will not be confined to this means of quenching their thirst, alone, strictly speaking. The cisterns containing this wholesome water from Marlin's large lake, which has a capacity of 700,000,000 gallons, enough to cover the city's needs for two years without a rain, will be placarded with statements of analysis by the Texas health department proving the purity and softness of the limpid liquid.

In the water exhibition, which will be one of the features of the celebration, a stream will be shot by the Marlin fire department to a height greater than that of the tower atop the Falls county courthouse. Marlin's modern firefighting equipment will be used to put on this demonstration.

"Jump in" automobiles also will be available to take visitors in the city to the new lake northeast of town.

Music for the day will be furnished by the 14-piece Perry band, an organization capable of keeping the crowds enthused throughout the program.

### VIOLENT STORMS SWEEP MIDDLE WEST WITH DAMAGE

CHICAGO, June 28.—Cloudbursts and violent wind storms, which reached cyclonic proportions in many sections, swept the middle west. Wire communication was destroyed and railroad schedules demoralized. Four persons were drowned in the river near Peoria, Ill., during a terrific wind storm, and one was killed by lightning. Property damage is heavy.

### Mattress Used As The Family Bank

SAN ANTONIO, Texas, June 28.—The thrill that comes once in a life time came to R. W. Jette, manager of a mattress factory here when he found two old stockings containing \$127.50 in gold in a mattress he was renovating. The mattress was owned by Miss Fannie Martinez who said her aged mother hid the money before she died. Miss Martinez gave Jette a \$10 gold piece as an expression of her appreciation for his telling her of the find.

### LATONIA DERBY STARTS WITH A DOZEN ENTRIES

LATONIA, Ky., June 28.—Twelve finely conditioned three-year olds were nervously pawing the ground at the Latonia race track today awaiting the call to the barrier to start in the forty second renewal of the Latonia derby.

The probable field included John Madden's Polo Grounds, E. B. McLean's Modest; the Audley Farm's Lord Martin; Gifford Cochran's Revenue Agent; C. W. Riedinger's Gibleon; Mrs. Payne Whitney's Dazzler; Pete Coyne's King Gorin II, Mrs. R. M. Hoot's Black Gold; E. R. Bradley's Beau Butler; Gallaher Brothers' Chilhowee; Arthur Board's Bourbon Bay, Bud Fisher's Mr. Mutt.

The day was cloudy and thunderstorms were predicted but in all probability the derby will be run over a fast track.

The race will be worth \$25,000.00 if won by any horse other than Black Gold wins he will receive a \$5,000 bonus for winning both the Kentucky and Latonia derbies.

Black Gold ruled favorite in the early betting.

### MAN AND WOMAN KILLED WHEN PLANE FELL IN OHIO

AKRON, Ohio, June 28.—Howard R. Calvert, commercial flyer, 35, and Miss Ewilda Wickersham, 21, were killed Friday night when the airplane in which they were flying crashed to the ground from an altitude of 1,000 feet.

### NO GAME AT GUSHER PARK

There will be no game at Gusher Park today as the game that was transferred from Waco will not be played. The Gushers play at Austin Sunday and the Indians return to their home grounds. It is reported that the Y. M. B. L. of Waco put up the necessary financial assistance to guarantee Waco remaining in the league.

### HUGHES ELECTRIC ARCH

What Dr. E. H. Hinchliff thinks about the Hughes Electric Arch. Dr. Hinchliff met W. K. Boyd on the street Saturday and handing him \$10.00 stating that it was a pleasure for him to have the opportunity to donate \$10.00 on the Hughes Electric Arch. He thought the park was a wonderful gift to the children of Mexia and he would like to see some provision made whereby a keeper could be on the grounds at all times. The following subscriptions are: Blake Smith, \$50.00. Jack Womack, \$50.00. Jesse McLendon, \$50.00. S. J. Stuart Auto Supply Co., \$25.00. J. R. Neece Lumber Co., \$25.00. L. S. Patterson, \$10.00. Walter Kline Boyd, Jr., \$10.00. Walter Womack, \$10.00. Maxine Nussbaum, \$5.00. Dr. Hinchliff, \$10.00.

"An' the goblins will git you ef you don't watch out."

### New York, Ohio And Illinois Combined Against Klan

NEW YORK, June 28.—The delegations of New York, Ohio and Illinois are pledged to stand together in the fight to call the Klan by name in a plank denouncing its principles and standing for religious tolerance. Ed Moore declared that he would never give up the fight to name the Klan, and the three delegations leaders agreed to side with him.

### LATEST FROM ADAIR DELEGATES ARE SURROUNDED BY POLICE

By A. GARLAND ADAIR (Special Correspondent Mexia News) MADISON SQUARE GARDEN, New York, June 28.—At 5 o'clock the delegates are surrounded by cordons of police bearing the League of Nations plank discussed with the discussion on the Klan to come up next immediately.

First indications are that the majority report will win, favoring the submission of the League to popular vote, and not mentioning the Klan. This is considered a great victory for the drys. Col. Tom Ball remarked at end of majority platform report on religious plank, "that's far enough; I won't go a step further," which sentiment prevails in the Texas delegation.

Fourteen police surround the Texas delegation now. Four are directly in front of Senator Mayfield. The situation looks more ludicrous than serious, but subsequent results may prove it wise. The fight all along has been conducted by the liquor element, using the religious plank as a smoke screen. The facts are they love liquor more than they do their church, whatever it be.

### Belgium Defeats Argentine Fencing

PARIS, June 28.—After a series of fierce and spectacular matches the Belgium Olympic fencing team was given a decision over Argentine today.

Italy defeated Austria 13 to 3. Hungary defeated Switzerland 9 to 7.

### Six Hundred Extra Police On Duty While Klan and Antis Fight for Supremacy

NEW YORK, June 28, 3:58 p. m.—After the convention was called to order at 4:00 o'clock minority reports on League and Klan were presented. Prospects are for a 4 hours debate between the anti-Klan and Klan plank leaders. Indications are that the debate will take up most of the night session.

Six hundred police are on hand to keep order, and the galleries may be cleared before the debate starts.

### BIG COMPANIES MUST OPEN BOOKS TO GOVT

CHICAGO, June 28.—The books of five big packing companies must be opened to the Department of Agriculture, Judge Cliffe in the federal court ruled in dismissing a petition for a permanent injunction against the Department, brought by Wilson & Company, and Cudahy and Smith Company last fall. An examination of the books was attempted to be made in connection with the probe of an alleged food products monopoly.

### How Would You Like To Be The Ice Man?

FORT WORTH, Texas, June 28.—Believe it or not, some workers here go outside to get warm during these torrid days.

These warmth seekers are ice-makers, working with ice-making machines huge blocks of ice, and a temperature as low as 9 degrees. Thousands of tons of ice are stored at some of the plants. When the workers go into the storage rooms, they wear heavy coats and wrap burlap around their feet.

Down in the engine rooms, though, the thermometer outclimbs the ones on the street.

#### ROADS ARE GOOD

DALLAS, Texas, June 28.—All highways in the state are in a generally fair condition barring a few rough places, according to reports from over the state on condition of roads. From Dallas to Denver, roads in the Pikes Peak region are described as in very good shape. Rough going is encountered in places between here and Amarillo.

#### OLD SETTLERS REUNION

BRECKENRIDGE, Texas, June 28.—Thousands of persons are expected to attend the Elks first annual frontier day celebration and rodeo, Old Settlers Reunion and barbecue which will be held here July 3 to 5. Horse racing will be one of the many features planned to entertain the visitors.

#### HOPES BALSTED

GREENWICH, Conn., June 28.—Plans for an inter-sectional final in the intercollegiate golf championship were blasted when H. W. Taft of Dartmouth eliminated Lauren Upson of California, 2 and 1 the semi-final round Friday.

#### BRITISH FLYER STILL GOING

BANGCOON, June 28.—Major MacLaren, British contestant in the round the world air race, arrived safely at Tavoy, on the Bay of Bengal, Friday afternoon, according to messages here today.

#### TOOK THE VALUABLES

SAN ANTONIO, Texas, June 28.—Burglars broke into the safe of the Elite drug store here, and had their choice of money or liquor or both. They were satisfied with making off with 24 pints of Grandad whiskey.

When leaving the city on your summer trip, leave your address with the Mexia Daily News. Keep the News posted and you will find your paper always waiting for you at your hotel or any destination that you advise.

### LIMPING THROUGH MOST CRUCIAL PERIOD IN ITS LONG AND HONORABLE HISTORY

**Many Antis Will Be Klansmen When They Get Back Home**

By A. GARLAND ADAIR Special to the Mexia Daily News.

MADISON SQUARE GARDEN, NEW YORK, June 28, 1:24 p. m.—The democratic party limps today through the most crucial period in its long and honorable history, maimed by forces largely from states that never voted democratic since the party's birth.

Many outstanding anti-Klansmen on the Texas delegation declare they will take the stump for the Klan when they return to Texas, having seen the limits to which the opposition will go to defeat McAdoo and to win for their candidates.

The serious affair of Friday night in the platform committee room ended when the Lord's prayer and an invocation was led by William Jennings Bryan. After a night of passionate discussion the scene was unparalleled in convention assemblies.

Leading Catholic churchmen are credited with saying that Catholics will bolt the party if Smith is not nominated, and many states declare they will bolt the party if he is nominated. The convention this morning adjourned until 3:00 o'clock this afternoon.

It will be a session when the democratic party will join in a prayer, "God give us men and women the times like these demand."

A minority report will be submitted naming the Klan, according to announcements at 1 o'clock.

Even New Yorkers admit that if the Klan is named there will be religious insurrection in this state within the next year. Still the demand for a minority report seems to predominate.

Due to this fight, it is generally conceded that the party's chances for victory in November have been lightened, no matter who is nominated.

The wets and arch enemies of the party have thus hit their mark. The fight has been against the Anti-Saloon League, W. J. Bryan, the Klan, and McAdoo.

### Loan Sharks And Fine Clothes Were Her Undoing

FORT WORTH, Texas, June 28.—Love of pretty clothes lured Virginia Righert, 21 into writing checks and signing the name of others to them, she confessed in court when arraigned on charges of forgery. The girl declared the trouble began when she borrowed \$30 from a Dallas loan shark. She had to pay huge interest and kept getting deeper in debt. During her narration, her father and brother wept several times. Her father made bond.

### Gas Tank Explodes Brothers Are Dead

WEIMAR, Texas, June 28.—Two brothers were burned to death and two other youths were seriously injured as the result of the gasoline tank of their automobile exploding after the car had struck a guard rail on a curve in the highway, near here Friday.

Frank Blasko, driver of the car was found on the floor of the machine, dead. His brother, Alfred, died a few minutes after being taken to a neighboring house. Hugo and Ewald Blasko were awfully burned. The four young men were returning from a dance when the accident happened.

### Boy Hangs Himself Supposed Accidentally

WACO, Texas, June 28.—His neck broken by a hangman's knot, the body of Stewart Hobbs, 12, was found hanging from a rope in the barn at the home of his parents, Mr. and Mrs. T. E. Hobbs here Friday. The body was discovered by the boy's nine year old sister.

The boy apparently had kicked a ladder out from under his feet after fastening the rope to a rafter in the barn.

### THEY ALWAYS COME HOME WHEN THEY GET HUNGRY

SAN ANTONIO, Texas, June 28.—After two days, living the life of gypsies in a pasture near the edge of the city, Ethel Hoffer, 15 and Tomaso Navarro, Mexican girl of the same age, became hungry and decided to return to civilization. Both declared they had a fine time but they caused considerable anxiety and worry to their parents.

#### DEATH CLAIMS MILLIONAIRE

SAN FRANCISCO, June 28.—A. B. Sprickles, millionaire sugar and shipping magnate, died after a two weeks illness.

### TIRED AND WEARY PLATFORM COM. GOES TO BED TO REST

NEW YORK, June 28.—After another all night session the resolutions committee, tired out with wrangling over the Klan plank, went to bed and will not have a report ready before 3 this afternoon, if then. So great is the Klan question that time for balloting is uncertain and can scarcely be expected before Monday, if then. The fight is almost certain to go to the floor of the convention. The League fight is also likely to be staged on the floor as the plank adopted by the committee is unsatisfactory to Newton D. Baker. Only a small crowd was present when the convention was called to order one hour late this morning.

### MEXIA HAS BEST EQUIPPED BARBER SHOP IN CENTRAL TEXAS

The Superior Service Barber Shop, formerly Hitt & Ellis has just finished enlarging and improving their shop on Commerce Street with an expenditure of approximately \$4,000. The new shop will do credit to any town five times the size of Mexia.

This is the only shop in central Texas with separate and individual compartments for the ladies, including a nicely furnished rest room and a high chair for the kiddies. The shop also has a manicurist. Mr. Hitt states that he has installed a fifty barrel reservoir for rainwater, the shampoo hydrants are connected directly with the tank so that anyone getting a shampoo has the satisfaction of knowing that nothing but clean rainwater is being used. The most important fact is that guaranteed service is given at every one of the twelve chairs, each barber is an expert. It is interesting to note the advancement made by the proprietor who started in business in Mexia about twelve years ago with a one chair shop in the rear of a grocery store within a block of the present location of the modern shop. With the exception of a few months in Waxahachie and the time spent in the army, Mr. Hitt has been steadily advancing in the barber business in Mexia, where he has made many friends who wish him continued success and congratulate him on having one of the show places of the city.

#### THE WEATHER

East Texas—Sunday generally fair and continued warm. West Texas—Sunday partly cloudy, somewhat unsettled in the Panhandle.

## TWELVE GATES OF ENTRY TO HEAVEN SAYS DR. YOUNG

The Home of the Soul, the Holy City, the New Jerusalem was the theme of Dr. Young's sermon Friday night. The text was taken from Revelation where the New Jerusalem is described as having twelve gates. Three on the North, three on the West, three on the South, and three on the East. With this scripture as the basis the evangelist pointed out that there were many gates entering into heaven and that it was accessible from many different portals. The gates on the North were Intuition, Reason, Memory. The gates on the East were the Law, the Exceeding Sinfulness of Sin, and the Loveliness of our Lord. Those on the West were Duty, Individual Responsibility, and Divine Providence. The three gates on the South were Restlessness, Emptiness, and Love. Dr. Young said if men could only realize the Greatness of the love of God and His loveliness, they could not refrain from entering in at one of the gates.

The closing services will be held Sunday. At 9:45 a. m. the men will meet in a session at the Palace Theatre for a Bible class. The men of the city are invited to attend. Special music will be led by Mr. Croxton. Dr. Young will lead the class.

One of the features of the meeting has been reaching men. Of the thirty decisions for Christ and the Church up to Sunday, eighteen have been men.

A great day is expected today at the closing services of the revival, morning and evening.

### "SUNSHINE" MARY PAYS

NEWS OFFICE A VISIT  
Miss Mary Anderson, known in Screenland as "Sunshine Mary," and who has been spending a few days in Mexia during the showing of "Wilderness of Youth," one of her best pictures, paid the Daily News office a pleasant visit Saturday morning, and charmed the entire force, from manager to devil.

Miss Anderson is a cute little rascal, pleasant in manner, and easy to talk with, for if you will just keep quiet she will do the talking, and it will interest you, too.

Her visit to the work shop of the News was appreciated by all as a ray of real "Sunshine."

### CITATION BY PUBLICATION

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Limestone County—Greeting:  
You are hereby commanded to summon Western Producing & Drilling Company, a corporation, and G. E. Kadane, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, on the first Monday in August, A. D. 1924, the same being the 4th day of August, A. D. 1924, then and there to answer a petition filed in said court on the 10th day of January, A. D. 1924, in a suit, numbered on the docket of said court as No. 4221-B, wherein Cobb-Bennett Hardware Company, a partnership composed of C. J. Cobb and R. B. Bennett, is Plaintiff, and Western Producing & Drilling Company, a corporation, and G. E. Kadane, are Defendants, and said petition alleging:

That Western Producing & Drilling Company, is a corporation organized and existing under and by virtue of the laws of the State of Delaware with a permit to do business in Texas; that said defendants on or about August 1, 1922, executed its note to plaintiffs in the sum of \$812.57, payable at Mexia, Texas, on August 1st, 1923, said note bearing 8% interest from date thereof, and providing in the usual form for 10% attorney's fees; said note signed "Western Producing & Drilling Company, By G. E. Kadane, Vice President," that at the time of making said note, said G. E. Kadane promised plaintiff that in the event the Western Producing & Drilling Company did not pay same when it became due he personally would pay it and carry out all the provisions contained on the face thereof. That said note has been placed in the hands of attorneys for collection, and plaintiffs has agreed to pay them the 10% stipulated therein as attorney's fees, same being a reasonable amount. That said note is past due and unpaid, and defendants, though often requested, have failed and refused and still fail and refuse to pay same or any part thereof.

Wherefore, plaintiff prays that defendants be cited to appear and answer herein, and that upon a trial hereof it have judgement for its debt in the principal sum of \$812.57, interest, attorney's fees, and costs of suit, and for such other and further relief, as it may be justly entitled.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Groesbeck, Texas, this 26th day of May, A. D. 1924.

JOHNSON WAKEFIELD,  
Clerk District Court,  
Limestone County.  
(Seal)  
By Ruby Lawley, Deputy.

Bible School at 9:45. It is good to send your children to Sunday School but it is better to come with them.  
Worship and preaching service at 11. The subject for the morning message will be: "Things that Save." This is a question of vital importance and should deeply concern all in and out of the church.  
There will be no evening service and the members of the church are urged to attend the revival services at the Central Presbyterian Church.  
G. T. REAVES, Minister.

### TEXAS ASSOCIATION GOSSIP

By HECK  
The inevitable end that I have predicted regarding Harry Dupuy and the Waco franchise finally came to a head Thursday, June 26 when Dupuy refused to pay the Mexia club its \$100 guarantee and when the Mexia officials notified president Joanson of the affair he took prompt action and transferred the Mexia-Waco series to Mexia.

To the average fan this may seem a rather unusual way of handling the matter but to you fans I want to say that this has been expected for some time and arrangements had been made to take care of the situation.

To begin Dupuy has never made the \$100 deposit to the league as all clubs were bound to do by the by-laws of the league and which all clubs excepting the Waco club has done and at a called meeting of the league held in Mexia June 26. Dupuy was notified that he would be given until ten o'clock Friday morning, June 27 to make his deposit with the league.

This meeting was attended by the following five clubs: Temple, Henry Meadows; Austin, Mr. Reed; Marlin, Mr. Stockton; Mexia, J. W. McLendon; Corsicana, by proxy wired McLendon of Mexia.

## AN APPRECIATION

Tomorrow brings to a close the first half of 1924—and we just want to thank our friends and customers for the liberal patronage that we continue to enjoy. Our June business has been all that we had expected and more.

We are making an honest effort every day to serve you better. If we don't succeed we have not accomplished what we want to.

Tomorrow afternoon our buyer leaves for the Grand Rapids and Chicago Furniture Market to buy our fall merchandise.

Last Monday the big new furniture Mart Building in Chicago, the largest in the world, was opened to the furniture retailers of the U. S. and Canada.

In this market we have all opportunity to see the real furniture and to select for our customers the very best that the world affords and at the best prices that can be had. We also have an opportunity to learn and know that what we offer you is correct in both design and construction as well as in price.

No time or trouble is ever spared by this firm in our efforts to render you the service to which you are entitled to when you trade with us.

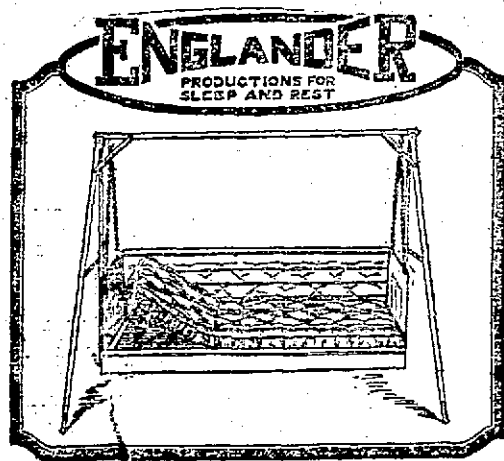

Again we thank you for the most liberal patronage that we have enjoyed for the fifteen years we have been trying to serve you.

Industrial Review

While there has been no unemployment of a serious nature in this country recently, the public has felt a slight unsettled condition in industry due to political agitation in Washington and the usual business timidity preceding a presidential election. This mere hesitancy should emphasize to every citizen the necessity for demanding policies, both state and national, which will encourage industrial and business activity and steady payrolls.

Houston.—Construction of \$250,000 Jefferson Davis hospital being rushed to completion.

Crosby.—\$35,000 school bond issue voted.

Only those men holding public office who, when casting their votes, oppose extravagance, should be re-elected. Unless the people pick men whose record for honesty and sincerity is unimpeachable, unless they elect the best men to serve them, we shall have more and more extravagance and bureaucratic government.

## "For Mexia, I WILL"

### SUNDAY MORNING SERMON

By THOMAS A. KEMPIS

Vain is the life of that man who putteth his trust in men or in any created thing. Be not ashamed to be the servant of others for the love of Jesus Christ, and to be reckoned poor in this life. Rest not upon thyself, but build thy hope in God. Do what lieth in thy power, and God will help thy good intent. Trust not in thy learning, nor in the cleverness of any that lives, but rather trust in the favor of God, who resisteth the proud and giveth grace to the humble.

Boast not thyself in thy riches if thou hast them, nor in thy friends if they be powerful, but in God, who giveth all things, and in addition to all things desireth to give even Himself. Be not lifted up because of thy strength or beauty of body, for with only a slight sickness it will fail and wither away. Be not vain of thy skillfulness or ability, lest thou displease God, from whom cometh every good gift which we have.

Count not yourself better than others, lest perchance thou appear worse in the sight of God, who knoweth what is in man. Be not proud of thy good works, for God's judgments are of another sort than the judgments of man, and what pleaseth man is oftentimes displeasing to Him. If thou hast any good, believe that others have more, and so thou mayest preserve thy humility. It is no harm to thee if thou place thyself below all others; but it is great harm if thou place thyself above even one. Peace is ever with the humble man, but in the heart of the proud there is envy and continual wrath.

### WHAT'S THE USE?

The city authorities have gone to a lot of trouble and considerable expense to mark off the intersection of Commerce and Sherman streets, showing how autos "should" go along those busy thoroughfares. Signs are painted on the pavement warning autoists not to turn to the left at that intersection, but they are paying no attention to the signs nor the warnings, but just race along as usual, and cut across to the left and even turn around and go back the other way, possibly in order to get back quick and do the trick over again. It is a dangerous practice, and if there is not an ordinance prohibiting the practice one should be passed at once—and then enforced. Life is too precious to endanger it thusly.

### Love And Crime Both Laugh at Locksmiths

COLEMAN, Texas, June 28.—The Richardson brothers, Alva and Lester, showed county authorities here a thing or two about picking locks. They had been arrested and put in the "bull pen."

One morning Sheriff Pauley found

Lester outside his cell, and asked him how he "got that way." Lester took a piece of wire a few inches long and easily picked the lock on the double doors of the partition wall of the jail. Other prisoners told the sheriff the youth had nearly succeeded in forcing the difficult combination lock on the outside door, quitting only because he was tired.

(E. R. HUDSON)

Subject: "Improve the Breed of Men."

Text: "By How Much is a Man of More Value Than a Sheep?"—Math. 12-12.

America is an industrial nation. This is an industrial age. The disease of this generation is "Thingitis."

Civilization is in the lower grade of mathematics. We have not worked out this test problem of the Great Teacher:

"By how much is a man of more value than a sheep?"

We are hearing much about pure-bred Americans, pure-bred whites, pure-bred stock and pure-bred plants. A more important consideration is pure-bred MEN—men stamped with the likeness of Him in whose image they were created—men with bloodlines untainted by the blood of insect, reptile, fish or ape.

Give me for friends and brothers men who are living souls, but little lower than the angels, rather than men who profess to be one-fourth sponge, one-fourth squid, one fourth monkey and one fourth man.

Inventions, guns, ships, books, experts are calculated to increase and improve the things men own, property and processes.

It is easy to get up an agitation on tariffs, but hard to get up an agitation on morals.

It is easy to employ experts on breeding up cattle and sheep and hogs and chickens and cotton and corn and wheat, difficult to employ experts on breeding up boys and girls.

We can eradicate the ticks from our cattle, but fail to eradicate drinkers, gamblers and prostitutes from the community.

We inoculate against blackleg, but not against bootleg.

Cattle can be OWNED—men cannot—therefore improve the breed of cattle, is the logic of many people. Prepossession with possession vitiates the life of people.

It debases government; take a bill to Congress to improve men and they are absorbed in waterways and tariffs.

A false conception of values is the disturbing factor in labor. Manufacturers provide against the wear and tear of machinery, but not of employees; they consider the cost of replacing a machine but not of a man.

Organized Christianity is infected with materialism. Many churches can point with pride to their splendid edifice and organ and choir and societies, but can't point to six men improved during the year.

Our educational institutions are concerned more with making minds than characters; the subtle lust for bettering what man has is the acid that corrodes our institutions.

We need better motives for improving men and better methods. We are "whitewashing Sepulchers" we are using narcotics and skin remedies.

The Real Man is not a subject for

### League Assumes Waco Franchise

Dupuy's Refusal to Post Forfeit Causes Act of President.

WACO, Texas, June 27.—As a result of action taken Friday by A. B. Johnson of Marlin, president of the Texas Association, Waco is minus a professional baseball team, the club having been taken over by Johnson for the league because, it was stated, of the refusal of President H. A. Dupuy of the Waco baseball club to deposit the forfeit of \$1,000 required of all teams as a guarantee that players will receive their salaries.

It was stated Friday by Mr. Dupuy that the Waco team was prepared financially to go through the 1924 season.

Unless the present controversy is settled it is not believed that any more games will be played in Waco this year, games scheduled to be played here to be transferred to those places in the Texas Association where Waco is scheduled for the remainder of the present season.

Mr. Dupuy has appealed to the board of directors of the Texas Association and if the decision is against him he will submit the question to the national board, appealing from that body to National Baseball Commissioner Landis if the decision is unfavorable to him.

nostrums and lotions. He must be improved from within.

His spirit must be invaded, with nobler impulses; he must have a higher self-respect, a truer conception of character; sounder principles of conduct; more steadfast virtues, stricter fidelity, deeper concern for others, a respect for his Creator and a love for his brother.

Governments and laws have not done this.

Improvement of men must be "brotherly accomplished."

OUR WORK is to improve men. OUR MEANS is the religion of the Galilean.

OUR DUTY is to bear witness to and live this religion day by day.

If in this generation the passion for THINGS be superseded by the passion for improving MEN, this will be the greatest generation of time.

The nation or time that produces the NOBLEST COMMON MAN will climax history and creation.

## News From Mexia Party, California

A letter from Miss Catherine McGrail written on June 21st from the Ambassador Hotel in Los Angeles, is full of the vacation spirit and shows that the party consisting of Miss McGrail and Misses Genevieve Hughes, Pearl Goolsby and Elizabeth Jones are having the time of their lives. The Ambassador has the reputation of being one of the finest hotels in the United States and the girls and Miss McGrail are making themselves at home. They spend the day with golf, tennis, swimming at the beach and the thousands of other means of entertainment offered by the parties in charge of entertaining the guests of the hotel.

They state that they have visited Hollywood and have had the pleasure of seeing most of their favorite movie stars. They saw "The Ten Commandments" at Hollywood and advise every one who has the opportunity to see it. "It's wonderful." "The Prisoner of Bagdad" will be there soon and the prices for the opening night are \$5.00 a seat. They say that among the permanent guests at the Ambassador are Elynor Glynn, Thomas Meighan and numerous other stars.

Miss McGrail says that at present she is her own chauffeur and has an awful time getting back to the hotel after taking a drive through the suburbs but with the assistance of about half the police force of Los Angeles she manages to get around all right. The trip through the residential section is worth the trip to California if you saw nothing else. They have some of the most wonderful homes there.

They broadcast from the Ambassador twice a week and they have promised to broadcast a message by the girls. The law will not permit the girls to broadcast their own messages. They say they will let the folks at home know what night it will be. Remember when it is twelve o'clock here it is ten there, so we will have to be up pretty late. They send their love to all their friends in Mexia and still think it is the best place on earth.

### BAPTIST WOMEN'S WORK

The Woman's Missionary Union of the First Baptist church met in its monthly missionary meeting, Monday, June 23. The Young Women's Auxiliary met with them while Circle No. 7 had charge of the program.

The subject was Europe and the Sunbeam Band, assisted by their leader, Mrs. W. D. Hight, gave an introductory program on mission work in Europe. This was followed by talks on the respective countries of Europe by different ladies and the program was concluded with a short talk by the pastor, Rev. Jeffers, on the heroic life of John Huss, and the many evils of Catholicism which exist at home and abroad.

The program was extensive, covering an enormous amount of people, (probably 17,600,000 under Southern Baptist supervision,) but was enjoyed by all those present. After a brief business meeting Circle No. 2 provided the ladies with delicious refreshments, and each woman resolved to do her part in putting forward the woman's work during the summer.

Listen, Baptist women of Mexia, they need you, and you need the work.

Bob and Cole Summers of the Kirven community were in Mexia Saturday mingling with old time friends.

### MRS. SWEATT ENTERTAINS

Friday afternoon the lovely living room, music room and sun room of Mrs. John Sweatt's home was thrown open to a bevy of pretty young girls, who gathered to honor Miss Zora Boyd, of Enterprise, Mississippi, and Miss Janie Read Berry of our city. The entire suite of rooms was made more attractive with bowls and baskets of zennias, daisies, and ferns in every available space.

Five tables of the ever-popular game of 42 was the diversion for about two hours.

The honor guests were each presented with lovely strands of beads. A special honor guest of the afternoon was Mrs. Read, who was presented with amber smelling salts. A guest prize, a pocket memorandum was also given to Miss Margaret Harper of Austin, Texas.

Japanese trays, laden with dainty linens and the following eats, were then served: Stuffed tomatoes with shrimp, potato chips, olives, hot cheese sandwiches, ice tea, and apricot parfait.

### JUST CLEAN UP YOUR TRASH, THAT'S ALL

We feel that there is not a person in Mexia who has not received a small amount of pleasure, either directly or indirectly from the Confederate Park known as the Reunion Grounds. Throughout hard work and long-sightedness on the part of "Joe Johnston Camp" has been made possible. We have never asked for one nickel to be contributed for its upkeep. We only ask that you pick up your trash when you leave.

Within the next week our program committee will call on you and if you care to show your appreciation, express it in courtesy to them.

JOE JOHNSTON CAMP U. C. V.  
Miss Mattie Watson, Sec'y.

Rev. P. D. Tucker, former pastor of the Central Presbyterian church here, is in the city in the interest of Castle Heights Military College at Lebanon, Tenn., where several Mexia boys are students. Mr. Tucker says: "Just say that the Mexia boys are all making good in our school."

Oran Arrington came up from San Antonio to spend the week end with his parents.

## Presbyterians Are Raising Educational Fund of \$1,350,000

One hundred and fifty thousand dollars is all that stands between the Presbyterian educational institutions of Texas and the receiving of \$1,350,000 for Christian Education in Texas.

This was the announcement made by Dr. S. W. McGill, at Presbyterian educational headquarters in Dallas today.

The Texas Presbyterian Educational movement was launched just a year ago for the purpose of securing \$1,350,000 for the ten Southern Presbyterian educational institutions in the synod of Texas. After twelve months of aggressive work the committee in charge reports that \$1,200,000 has been subscribed leaving the sum of \$150,000 yet to be secured. The amount that has been subscribed is payable on the condition that the remaining \$150,000 be subscribed as no subscriptions are binding until the full amount is subscribed payable within four years.

"It remains to be seen" said Dr. McGill "whether Presbyterians and friends of Christian education in Texas will see more than one million dollars lost to Texas for the lack of the comparatively small sum of \$150,000." It is understood that the field has been practically covered and the campaign is now about to be closed. The beneficiaries of the campaign are Austin College, Sherman; Daniel Baker College, Brownwood; Texas Presbyterian College for Women, Milford; Presbyterian Orphans Home, Itasca; Austin Theological Seminary, Austin; The University Church at the State University; TexMex Schools for boys and girls.

This is said to be the biggest thing ever undertaken by the Presbyterian Church in any Synod and the outcome is awaited with great interest.

R. J. Ellington, wife and two daughters, Misses Daza and Beth returned from Lubbock Friday. While on their visit they visited many points of interest, touring Missouri, Kansas, Oklahoma and western Texas. Mr. Ellington stated that the trip was indeed a pleasant one. Of the many miles traveled, they had only one puncture.

## More About The Juvenile Band

During the past few days, many boys have enrolled as members of The Juvenile Band, being organized by Frank Werner of this city. Mr. Werner says he is well pleased with the number he has in such a short while, and says prospects look good for a band of 30 to 40 pieces.

If your boy has on instrument, have him see Mr. Werner at once, to get in on the ground floor. If your boy does not have an instrument, and has never studied, now is the time to start him in. Below is correct instrumentation for a 30 piece band, and Mr. Werner hopes to secure this instrumentation as nearly as possible:

- 1 Piccolo.
  - 1 Eb Clarinet.
  - 7 Bb Clarinets.
  - 4 Saxophones.
  - 3 Altos.
  - 3 Trombones.
  - 1 Baritone.
  - 2 Basses.
  - 5 Bb Cornets.
  - 1 Alto Clarinet.
  - 1 Bass Drum.
  - 1 Snare Drum and Traps.
- If this instrumentation is secured, any other members coming in, will be

placed on the instruments needed to balance the band, several more Clarinets can be added to the above line-up, also another cornet.

Mr. Werner can give you all information regarding the purchasing of instruments, terms, etc. The band will start rehearsals early in July, and private classes will start July 6th. For the present, Mr. Werner will have his studio in the Elks Club, upstairs. The room is nicely furnished, and is strictly private. Don't wait until the band is playing, and then wish your boy was a member. Enroll him now, and let him be with the band, when it makes its first appearance. The musical education he receives will not only help him during his school work at home, but will be a valuable asset to him in college. It will give him more confidence, and make him a better boy, in many ways.

### Tonsils and Adenoids

Letter No. 6

### Giving the Child a Better Chance.

### IS YOUR CHILD HANDICAPPED?

Does your child's nose run or is it sore? Does the child snuffle?

Are the eyes red? Are there fever sores or eczema around the nose and mouth?

Does the child seem dull? Does it stand and look at you with open mouth?

Does it put its hands to its head as though it had earache? Does it take cold easily?

Does the child sleep with its mouth open? Does it snore? If the answer to any of these is Yes, ask the doctor if the child has adenoids or large tonsils.

### Tonsils

Tonsils often become diseased and stick out into the throat. Sometimes they do not get any larger but become diseased and contain little cups filled with infection. These diseased tonsils often hold poisonous germs which may cause throat trouble or may be carried to other parts of the body and cause sickness.

### Adenoids

Adenoids look like a little head of cauliflower, colored red. They grow in the back part of the throat where the nose and throat join, and can be seen only by the doctor with a special mirror. They stop up the nose and make the child breathe through its mouth.

When the child breathes through the mouth, much dust and many germs get into the body.

Adenoids should always be removed.

### Earache

Earache often means that the child has adenoids. Earache always means that the child is in danger of getting deaf. Also the child is in danger of getting a running ear and there is danger of the disease reaching the brain. A running ear should always be treated by an ear doctor, it will not get well without good care.

### Large Glands

Often poison gathers in the nose, throat or ears. The glands of the neck try to carry this poison away. This overwork makes the glands enlarge and lumps often form.

### Other Diseases

Diseased tonsils and adenoids hold poisonous germs which frequently are carried to other parts of the body and cause sickness. Rheumatism and heart disease often come in this way. These germs also cause stomach, bowel or lung diseases.

A child with adenoids and diseased tonsils can get diphtheria, scarlet fever, measles and whooping cough very easily. Such a child will have the disease worse than a child who has had adenoids and diseased tonsils removed.

### Stupid Children

Often children who seem stupid and who do not learn rapidly can be made healthy and normal by the removal of diseased tonsils and adenoids.

It is wrong to blame children for backwardness when they cannot hear, see or smell properly or are suffering from pains from diseased tonsils or adenoids.

### Have Them Removed

Adenoids and diseased tonsils can be removed at any time of the year. Don't wait, thinking they will get better. It is dangerous. The child may lose its hearing if you put it off.

Watch carefully for the danger signals—mouth breathing and earache.

Always go to a good doctor at once.

Will be glad to make examination free and explain in detail.

## These Mexia Boys Are Making Good

Mr. and Mrs. Woody Shumate, long time residents of this city are justly proud of their children, and of these two in particular:

Clarence, is with the Magnolia Company and has recently enjoyed a promotion. He is at present at Schlenburg and says he has gained ten pounds since going from office work into the open, and feels much better as a result of the change.

Vernon is a student in the University of California, where he is making his mark and gaining an education that will fit him for life. After leaving the army at the close of the world war he did some newspaper work in Trinidad, Colo., as assistant manager of a daily paper and afterwards entered the California University, won a cash prize of \$50 after three months of study, and that year

he won a \$125 scholarship and this year he won a \$200 scholarship as the result of his application to his studies, and will remain there until he finishes the University course.

Both of these young men are graduates of Tyler Commercial college, which training enabled them to secure employment with big companies and started them in life. They are also veterans of the world war, where they did their bit in making the world safe for democracy.

Their work only shows what a young man can do when he makes up his mind to "carry on" in the world of affairs.

## Honoring The Flag And Our Women

(Speech of the Secretary of War on the occasion of the presentation of prizes to the national winners of the contest held under the auspices of the Women's Overseas Service League.)

It is very proper that these exercises should be held on the day set apart to do homage and pay reverence to the symbol of our national identity—the flag of the United States of America. We do this flag the most homage and the deepest reverence when we strengthen our country and rebuild our citizens physically, mentally and morally that they may more effectively serve their country and themselves under any circumstances. Our country is a great world power today, not merely because we once adopted certain principles of government, but because we proved that we could live as a nation under those principles. Likewise a citizen does not serve his country by merely acclaiming his loyalty. That is only an indication of his excellent intention. It is by his deeds, not his words, that he proves himself a patriot—a follower of the flag. So the flag should remind us of our obligations for service to a common cause.

It is therefore particularly appropriate that these Flag Day Exercises should be also the occasion for recognition of the young ladies who have gained our admiration because of their excellent essays on the Citizens' Military Training Camps.

These camps merit the grateful consideration of every citizen, because they are a direct outcome of the Plattsburg movement, whereby, in the stirring days before our entry into the World War, patriotic men, with vision began to prepare themselves to take a soldier's part in the probable struggle ahead of us. In another sense, the Citizens' Military Training Camps are the product of the World War itself. During that war those in authority made the startling discovery that about 50 per cent of our young men were physically deficient, that probably 25 per cent could neither read or write, and that the majority did not know even the basic principles of our government. To provide the civic leadership necessary to remedy this condition, and, as a by-product of this leadership, to avoid in the future the useless sacrifices to unpreparedness that so many young Americans were forced to make in Belleau Woods, among the grain fields of Soisson, on the slopes of St. Mihiel, and in the Argonne Forest, these camps were created by an Act of Congress.

The principles upon which they are founded are older than either the Plattsburg idea or the World War. They go back to the original conception of the founders of this Republic. Jefferson announced the basic military principle for a democracy in these words, "the truth must now be obvious that we cannot be defended, but by making every citizen a soldier." It has been to our sorrow and great cost that we as a Nation have not memorized these words, as we have so many others of that great announcer of cardinal truths. The Swiss people have had similar camps for years and because of their sterling product were untouched by the ravages of the World War.

The primary purpose of these camps, however, is to develop better American citizens, physically, mentally and morally, and a higher patriotism among the citizens of tomorrow, by making them more intelligent and better prepared to discharge their duties of citizenship. These camps are great national outdoor schools—vital elements of the system of national education. Young men of all walks of life enter upon a common footing. They are given invigorating exercises, and the proper kind of food, that their bodies may be developed. Physical defects are corrected. It is still true that a sound body makes for a sound mind and sound morals. Young men are taught regular habits of living. They

## Snip! Snip! and Then Sniff! Sniff! "I Hate My Bob But—It's Stylish"

Out in a little midwestern town the Main Street barber hung up this sign: "I won't stand for no hysterics!" Lady clients were thus warned that weeping after bobbing would not be tolerated. It was a nuisance to the tonsorial gent.

Since the advent of bobs, shaky nerves have developed among women. It is due, say the experts, to lost personalities. Many a charming woman has lost her distinctive personality by failing to choose the precise type of bob suitable to her particular features. A certain bob may distinguish one woman and utterly destroy the greatest charm of another. One must consider whether the face is oval, square, plump or thin. A short or long neck, a thin or plump one, are points to be most carefully reckoned before the final step. So is the general physique and, indeed, everything entering into that indefinable quality called personality. For after the shears do their snipping it's too late.

Choosing the correct bob is no more important, say the beauty dictators, than keeping the hair at-

tractively dressed afterward. There can be no charm to hair that runs wild, straggles or clumps. A large Gainsborough net should always be worn over the coiffure to add distinction and good taste. To preserve the coiffure at night the Gainsborough should be adjusted comfortably, with hair tucked in snug, before retiring. Paris taught American women this little trick of wearing the net at night and thus cutting down hairdressing bills. Rolling the head during sleep dishevels the unprotected coiffure.

Whether the bob fad ends in two months or two years, the wise woman will choose well her bob—if she must bob—and then she will seek the most attractive hairdresser, one that retains personality.

lead orderly lives. They are taught the lessons of obedience, and the value of cleanliness, neatness, promptness, courtesy, consideration, cooperation, loyalty, self-reliance and a democratic feeling toward their fellow men. They are taught the moral qualities of courage, loyalty and self-restraint. Underlying all instructions are the principles of honor, liberty within the law, and service to country.

The results that are being secured are truly remarkable. The Honorable D. R. Anthony, of Kansas, made the following statement on the floor of the House of Representatives:

"I saw nearly 2,000 raw boys, most of them coming from the hills of Arkansas, Missouri, and the plains of Kansas, who, when they arrived at camp, were typical, green, unfledged youngsters of about 18 years of age, but absolutely as unutilitarian a lot of youngsters as I ever saw, but within a week or ten days time you never saw a finer aggregation of young American manhood in your life. They walked about with their heads in the air, their shoulders thrown back, and looked like real soldiers. The statistics that are given out this year by the officers in charge of these camps are very remarkable, from the fact that they show not only an increase of weight of two or three pounds for every man during the month's training, but they show increases in chest expansion and a development that was in other ways satisfactory from the physical standpoint for these 25,000 young men that received this training."

The business men of our country are encouraging their young men to attend these camps because of their increased efficiency. A recent survey by the National Industrial Conference Board showed employers to be 100 per cent in favor of the camps; and that 75 per cent of the firms were willing to give their employees at least two weeks full pay during attendance at them. Although the camps are only three years old, fourteen per cent of the firms stated that the training was beneficial to their business and twenty-two per cent that it was beneficial to both employer and employee. Undoubtedly these figures will be greatly increased when more business concerns have sent young men to the camps and have had the same opportunity to measure the results, as those who have encouraged this training from the start.

Educators who have investigated our training system are also enthu-

sia in their support. But better than these indorsements are the

hundreds of letters that have come across my desk from fathers and mothers thanking the War Department for the physical, mental and moral development of their sons. Although more than 900,000 young Americans reach the age of 21 each year, we have been able to accommodate only some 60,000 at our camps during the last three years. This indicates that the success of the camps depends upon a fuller realization of their importance and utility. We are here today because a distinguished group of women—The Women's Overseas Service League—has held a contest designated to stimulate among the young women of the country the thought of these camps. The essay contest among young women on "Why A Young Man I Know Should Attend A Citizen's Military Training Camp" has stimulated public opinion on this subject. While it is impossible accurately to measure the effect of the contest, we do know that the applications for this year are more than double what they were at this time last year. Though funds have been provided for only approximately 30,000 there is every reason to believe that more than 70,000 applications will be received before the close of this month.

The action of the Women's Overseas Service League has partially overcome one of the unavoidable deficiencies of the program for citizenship training through the medium of these camps. Unfortunately we have not the facilities to offer a similar course to young women, however, their essays on the subject have shown that they have a keen realization of the significance of the training. They have done great credit to

themselves and to the inspiring example of the Overseas League whose memorable war service brought them definite evidence of the need for the training given in these camps.

Peace is the normal state of the nation. We all hope that the young men who attend camp this summer will never be required to use their military attainments on campaign. But this does not mean that the training they acquire will not be an asset to the Nation. The nationalism and sense of civic responsibility possessed by the citizens of a country constitute that country's strongest assets—assets which are vital at all times. The maintenance of the national defense is a by-product of these assets. Let us so shape our country's life that its citizens will be constantly alert to their duties, as well as their privileges; and that they will be trained to perform, at any time in any crisis, those civic

duties. With such a body of citizens the country may face the future with out any doubts. From this standpoint, the Citizens' Military Training Camps are a sign of untroubled future for our people, in which they will reap the rewards of a lasting peace.

In conclusion, I thank the Women's Overseas Service League for the work they have so auspiciously begun, and congratulate these young

women and those who competed with them for their splendid efforts. I hope that all who participated in this patriotic contest will continue to be strong partisans of the citizenship training exemplified by the Citizens' Military Training Camps. By enthusiastically supporting such movements for their country's betterment, our people give evidence of their faith in our Republic, and that for which our flag stands.

### HOUSEWIVES' RIB' NEWEST ALADY FOUND BY SCIENCE

CHICAGO, June 23.—For every ailment conquered by the medical profession, a new one arises to take its place. The season's latest discovery is subcostalgia, or "housewives' rib."

With all the progress science is making to save humanity from death by disease, however, the death rate runs madly on at the same rate. In exact proportion as the death rate from disease decreases, the accident death rate increases.

In spite of these depressing revelations, however, members of the American Medical Association, who met here, were not without a brighter, more hopeful aspect.

The first successful medical treatment of tuberculosis was explained. So, also, was the beneficial effect of prohibition, which, according to Dr. H. H. Drysdale, of Cleveland has "mitigated the national sin of overheating and consequently prolonged life."

Dyspepsia and dandruff, ductless glands and the timely theme of "mental hygiene needs of university students" were dwelt on in the sections of the convention.

**Accidents Increase**

The epidemic of accidents brought on by the increased strain of modern living conditions was characterized as a "huge problem in preventive medicine."

"An epidemic of injury has succeeded the epidemic of infection," declared Dr. J. Howard Beard, of the University of Illinois.

"Suicide and whooping cough death rates are now equal. The same number of people were killed in railroad accidents last year as by scarlet fever in 1920. Fatalities from automobile accidents equal those from diphtheria and scarlet fever combined. Accidental deaths in industry equal the number of deaths from diphtheria. In some of the more sanitary cities exhaust gas from automobiles causes more deaths than the typhoid bacillus."

The disease of subcostalgia was explained by its discoverer, Dr. Marshall Clinton, professor of surgery in the University of Buffalo. He said:

"Many women and some men bear wound stripes in the form of appendicitis scars from operations which should have removed merely the tip of the rib and not probed the appendix."

"The housewife bending over the kitchen sink or washboard is a likely subject of subcostalgia. If she is right handed and, consequently, bends a little more toward the right side in performing her household tasks, she is likely to feel a sharp pain in that side. This leads to a suspicion of appendicitis."

**Nerve Affected**

"What has really happened is that a nerve trunk between rib and hip rib has been squeezed, resulting in extreme pain when pressure is applied under the rib. Corsets afford no relief. The remedy is simply the removal of a tip of the rib to lessen pressure."

"Persons with short waists or long ribs are particularly susceptible. Left-handed people do not run the same risk of being given an appendicitis diagnosis as right-handed people."

After three years of research and experimentation with tuberculosis in the rabbit, Dr. H. J. Corper, director of the research laboratories of the National Jewish Hospital for Consumptives, in Denver, announced that he had discovered that a hypodermic injection of carbon into the veins and hence into the lungs was a very good remedy for tuberculosis, which brought about the first cure by medicine which has proven successful. "We have discovered," Dr. Corper said, "that 3 per cent. of carbon dioxide inhibits the growth of the tubercle bacilli and 15 per cent kills the bacilli."

**Explains Tuberculosis**

"This discovery explains the prevalence of tuberculosis in the lungs and the comparative immunity of certain other organs to the disease, since it is a well known fact that in the lungs carbon dioxide is exchanged for oxygen. The liver, which has the highest supply of carbon dioxide in the body, has been found less susceptible to tuberculosis than other organs where the supply of oxygen is higher. Experiments to test what proportion of carbon injected into the veins reached the lungs showed that they received a smaller amount than any other organ."

Childbirth, which is both painless and conscious and, therefore, more

revolutionary than the mere use of anaesthetics to deaden labor pains, was discussed by Dr. H. T. Cooke, of Los Angeles. The Cooke treatment consists in blocking with injections of cocaine those abdominal nerve fibres which are the seat of labor pains. This treatment, it is explained, permits the patient to retain consciousness, since only those nerves in which pain is centered are deadened. The customary local anaesthetic would deaden the entire area where pain is and not merely the nerve centers. By the Cooke treatment there is no risk of retarded birth, and the patient does not need to be relieved of pain by unconsciousness.

## Back To Nature Women's Plea For Summer Activities

Simplicity in Clothing Styles, Diet, Vacation, Exercise and Dancing Urged in Campaign of Chicago Club Women.

CHICAGO, June 28.—A vigorous campaign for simplicity in daily life this summer has been launched by Chicago club women, it became known today. They are going to make comfort fashionable during the dog days. Not only will the club women's campaign encourage the wearing of simple, cool clothing by men, women and children, but an educational program regarding recreation, health and the proper foods for summer consumption is being prepared.

"While women are popularly supposed to be willing to endure any amount of discomfort for the sake of fashion, they have really been pioneers in fostering new health habits," said Mrs. Leonora Z. Meder, famous Chicago woman attorney and prominent in women's organizations, in announcing the "simplicity campaign" today.

Oh, Those Stupid Men!  
"Today we wear lovely silks, dotted swiss, cool embroidered frocks, delicate sport woollens during the hot months," she continued. "We no longer wear flie, muslin and duck. But many men are still stupid."

"They over-exert the heart, exhaust the nervous system, grow prematurely old—by smothering themselves in hot woolen clothes and by over-eating during the sweltering summer months. Especially in their diets do men outrage nature. Much of their 'summer fatigue,' medical authorities now say, is due to eating the wrong foods."

A leading member of the Chicago Women's Athletic Club today was delegated to prepare scientific menus for business men in the summer months. She said:

"Mothers today are turning more and more to simplicity in diets for growing children. They are going back to the wonderful body-building foods that our grandmothers served."

"For instance, oatmeal was erroneously believed to be a white food. Now doctors prescribe it every day during the summer for their private patients and for the sick in hospitals."

The New Summer Meal.  
"Oatmeal, science now finds, is ideal as a summer food. It is mildly laxative, having just enough 'roughage'; it is rich in iron, vitamins and carbohydrates; it is the most easily digested of the nutritious cereals."

"We are going to urge business men to eat oatmeal in its various appetizing forms for luncheon this summer: Oatmeal cakes, oatmeal soup, oatmeal in the new 'chilled-luncheon' style are cooling and nourishing dishes during July, August and September."

A warning against too-strenuous exercise in hot weather was voiced by the club women. Playing tennis steadily under a blazing sun can only result in harmful effects on the heart and eyes, they declare.

Against Fried Meats.  
"We are not vegetarians," added another member of the committee, "but we are convinced, from what physicians tell us, that the eating of too much meat in summer is injurious. Members are going to visit the poorer districts, explaining the cooling advantages of summer diets largely composed of fruits, simple cereals and vegetables instead of fried meats and other heavy dishes."

"Too many Americans are slaves of their stomachs. We believe our proposed campaign for simplicity in summer activities will add ten years to the lives of every man and woman who conscientiously follows the health rules we are preparing."

And dancing? Well, that's a moot question, the women confessed. But so long as it's not too—ah, too ath-

## PROMINENT FIGURES OF THE DAY'S NEWS.

Francine Larrimore, John J. Davis, Viscount Ishii, William C. Prout

Francine Larrimore, one of the best known young comedienne, who has pictured the flapper type on the stage, fooled her friends by getting married secretly 18 months ago to Con Conrad, musical comedy composer. But the news leaked.

John J. Davis, Secretary of Labor, who came to America in the steerage when eight years old, advocates a Federal law for registering all aliens. He asserts this would aid Americanization work among foreigners.

Viscount Kijuro Ishii, who negotiated the Lansing-Ishii agreement, may be the next Japanese Ambassador to the United States. He now represents his country at London.

President William C. Prout, of the A. A. U., and manager of the final Olympic tryouts at Boston, says the point system for scoring at Paris, as announced, will impair America's chances for winning the contest. The new rule will allow first man in any event to be credited with ten points, while second man will receive five, in the Olympiad.

letic, why, they believe it an excellent form of summer recreation. But, they added, dance in the open air, folks.

## ART GUM—THE EYES HAVE IT

Dear Ed:

I see where the State spectacle birds, or as they call themselves, the optometrists, are holding a conversation and I suppose we are safe in expecting something spectacular from them.

The coming of the eye men reminds me of the letter from one of these fake spectacle companies I saw some time ago.

It read something like this: "Let me send you on trial a pair of my finest shell rim glasses! No matter where you live I promise to send you a pair that will enable you to see perfectly. I positively guarantee a perfect fit. They will protect your eyes, preventing eye-strain and headaches, and enable you to read the smallest print or thread the finest needle. They are equal to spectacles being sold at retail for fifteen dollars a pair."

At one time or another most people complain of their eyes, although few would like to give them up. A promise of a beautiful pair of extra large shell-rimmed spectacles in a handsome velvet-lined, spring back, gold-lettered, pocketbook spectacle case which anyone would be proud to

Canon, and the Sheriff, Whit Popejoy, together with all his deputies, have been at our services at all times, and we want to take this occasion to express our grateful appreciation for their co-operation.

We have taken the time to visit our County Jail, and find it in a most excellent condition. Every precaution has been taken toward sanitation and it is in perfect condition and is as comfortable as a prison can be reasonably made.

We now find that there is no other work that we can profitably do, and respectfully ask that we be finally discharged.

W. W. BARNETT,

own, all for the trifle of four dollars and ninety-eight cents, therefore reaches many people. All they have to know is their age.

Similar great savings to the common people could be extended to other lines. Soon we may be reading: "False teeth fitted by mail. No matter where you live we promise to send you a set that will make it possible for you to eat corn off the cob like a year-old colt. We can furnish you a set for nine dollars and ninety-eight cents that equals sets being sold at retail for fifty dollars. Send us your age."

And, "Have you appendicitis? Let us remove that annoying appendix by mail. Why go to a local doctor when the postman who comes to your very door can forever put an end to your suffering. We send you our perfected appendix knife, with instructions showing where to cut. Smith and Brown, Mail Order Surgeons."

It is just as plausible. In spite of the fact that these mail order glasses may cause cataracts and other eye troubles, they really do what the letter says. They protect the eyes—

"Shall the charter reported by the Charter Commission to the City Commission of the City of Mexia, Texas, on the 27th day of May, 1924, and which had been prepared by the Charter Commission duly elected by the qualified voters of the city of the 18th day of March, 1924, be adopted as the charter of the City of Mexia, Texas, as contemplated and authorized by the Constitution and laws of the State of Texas, including Chapter 147, Acts of 1913, Regular Session?"

Section 2. That the polling places and presiding officers of said election shall be, respectively as follows: the polling place shall be at the City Hall, in the City of Mexia, and W. B. Kendrick is hereby designated as presiding officer.

Section 3. That said election shall be held under the provisions of Chapter 147, Acts of 1913, Regular Session, and all persons qualified to vote in said City under the laws of this State regulating general elections shall be allowed to vote.

Section 4. That the manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the law hereinabove referred to.

Section 5. All voters desiring to adopt a charter so prepared and reported by the Charter Commission, shall have printed on their ballots the following:

### OFFICIAL SALLOT

"For the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924." And those opposed shall have on their ballots the following:

"Against the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924." Section 6. That the action of the aforesaid Charter Commission in calling the election for the purpose hereinabove stated, and in all other respects with reference to the framing and submitting of such proposed charter, are hereby ratified and confirmed, and the said Charter Commission, or the members thereof, shall ratify and confirm all things done by the present City Commission of the City of Mexia, Texas, with respect to the matters and things dealt with in this ordinance, and shall make the same their act and deed by subscribing their respective names hereunto under the caption, "APPROVED BY CHARTER COMMISSION" and such names as so subscribed shall be published as a part of this ordinance.

Section 7. A copy of this ordinance shall be sufficient notice of said election, and thirty (30) days notice of the time and place of holding the said election shall be given by posting certified copies thereof at the places designated for holding said election at least thirty (30) days prior to the holding of said election, and by publication of such notice not less than thirty (30) full days from date of election.

Section 8. The fact that the City of Mexia is at the present time without a charter and that the public interests require the adoption of a charter, creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage and approval.

Our stock is not the largest but the best assortment, and WE FIT YOU.

Look for our ad next Sunday regarding this Department.

### MEN'S FURNISHING DEPT.

In Shirts we feature MANHATTAN, Earl and Wilson and other good makes, shirts that fit and insure you both Comfort and service. If your arm is long we fit you, if your arm is short we make them fit.

KNOTHE BROS Pajamas, a good nights rest means a cooler temper and a clearer mind the next day. You always sleep well in these pajamas. Room where room is needed, no binding or pulling.

## Ladies' Ready-To-Wear Department

We can sometimes hardly believe our own figures, when we check up the sales in our Ladies Ready to Wear Department, but figures won't lie when backed up with the cash—YET—this is only an evidence of appreciation of the people in this vicinity for the efforts we have put forth to maintain a dept. that would do credit to any city.

Monday morning many new things will be added to this dept.

Dresses befitting to these hot summer days, very neat, but inexpensive.

### MILLINERY DEPARTMENT

More than one hundred hats sold in two days, that's our record in a recent millinery sale.

We are now showing White Hems and a few pattern hats at greatly reduced prices.

Also an advance showing of FALL HATS in White and Colored FELTS, for sport wear.

For Your Vacation or Summer Outings.

See our line of Khaki Wear.

### LADIES' UNDERWEAR

The most discriminating shopper will find it easy and pleasant to shop in our Underwear Department.

### PIECE GOODS DEPT.

Will you pay us a visit Monday morning and let our salesladies show you some of the many fabrics we have in this department.

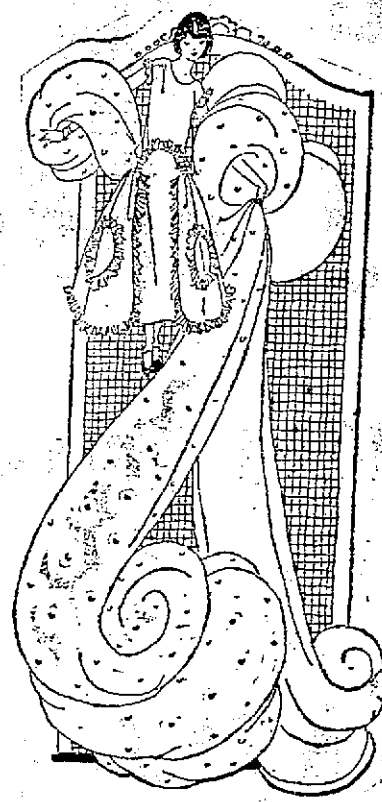

Will you note the care we take in displaying and caring for our merchandises?

That's why it always looks clean and not wrinkled and mussed up.

Do You always get 36 inches in each yard of cloth you buy? Is your bill always figured correctly? We have in this department—

#### Five Measuregraph Machines

These were installed at an expenditure of more than eight hundred dollars, for the purpose of serving you better and assuring you full 36 inches in every yard, and an accurate calculation of your bill.

### VASSAR UNDERWEAR

If once you try them, you'll always wear them. Come get a suit, wear it. If you like it pay us for it, if not return it.

### PHOENIX SOX
